## Dollar Day In Uptown Stores On Wednesday

The Uptown Merchants' Cooperative Dollar Day will be held Wednesday, February 27. This is the regular semi-annual Dollar Day in which all of the uptown merchants are cooperating and in the sale all kinds of business is being represented as a careful inspection of the advertisements will show.

Stores will be open from 9 o'clock in the morning and even though the weather may be adverse the bargains will be ready for the shopper who attends this big sale. In anticipation of the biggest Dollar Day sale ever held in Kingston all of the merchants have secured ample stocks for the day, although early shoppers will without a question have the better choice of the offerings since many of the articles on sale are of such unusual value that there undoubtedly will be a heavy demand.

Not only are articles selling for a dollar being offered but very substantial reductions are being made on larger articles and more expensive goods. This Cooperative Dollar Day is not only a sale at which dollars can be spent but one in which many dollars can be saved.

Many of the stores will display this evening in their show windows a few of the many bargains offered and an inspection tour of the uptown district will reveal many unusual offerings.

### ULSTER COUNTY CASE HEARD AT POUGHKEEPSIE.

Because Justice Hasbrouck of the Third judicial district has been transferred to the appellate division, Justice Morschauser is now transacting much Supreme court business from Ulster county. The lack of a presiding justice there is believed to be only temporary. Ulster lawyers having motions to offer, have of late, been bringing them before Justice Morschauser there.

On Saturday an Ulster county case was before Justice Morschauser in special term of Supreme court. At that time a motion for alimony and counsel fees in a separation action brought by Sadie Hasbrouck, of Kingston, against Harry Hasbrouck, was heard. At the end of the argument, it was decided that Hasbrouck is to continue paying his wife $8 a week pending trial, and $100 counsel fees. Walter J. Miller appeared for Mr. Hasbrouck and Francis T. Murray appeared for Mrs. Hasbrouck.

### GREEN FAVORS WINTER VACATIONS FOR WORKERS

Miami, Fla., Feb. 26 (AP).—American working men will take two weeks' vacation in warm and sunny climes each winter if the views of President William F. Green of the American Federation of Labor become an actuality.

The labor leader, who has been attending the winter sessions of the organization's executive council here, expressed the opinion that a two weeks' winter vacation was as necessary to the well being of American workers as the yearly summer two weeks' holiday and the five day week.

"The distribution of wealth in the nation is such that workers should be able to take rest periods and recreation in the winter as well as in the summer," he said.

### GRANTED CERTIFICATE OF INCORPORATION

A certificate of incorporation has been granted by the department of state at Albany under Article 2 of the stock corporation law to Hurn & Norwood, Inc. The purposes of the corporation is to deal, sell, auction, let, trade and generally deal in automobiles, motor trucks, engines, motors and parts, etc. The principal office of business is to be in Kingston. The capital stock is $25,000, being of 250 shares of par value in $100 each. The directors are James E. Hurn, Saugerties; R. Wilson Norwood and Virginia L. Norwood, Elmendorf street, Kingston, who with Anna B. Hurn, Saugerties, are stockholders of record.

### HAIL STORM FOLLOWED BY RAIN STORM IN KINGSTON

Early this morning a hail storm broke over the city and as the weather moderated the hail changed to rain which continued falling through the day. The storm made walking very disagreeable as pools of slush and water were formed into which an unwary pedestrian was liable to step. Owing to the disagreeable weather but few people were seen on the streets.

**Wife Beater Hangs Himself.**

Buffalo, Feb. 26 (AP).—Using his necktie as a rope and his belt as a noose, Stanley Gryg, 44, of this city, hanged himself early today in his cell in the police station here after he had been arrested for beating his wife over the head with a poker.

**Twenty Hurt in Collision.**

Coatesville, Pa., Feb. 26 (AP).—Twenty persons were injured, two seriously, at Laurel, 16 miles from here today, in a collision of a Reading gasoline passenger car and a Reading wrecking train.

## War Portfolio for Col. Donovan

**Washington Believes That Post Will Be Offered to Buffalo Man—Cabinet Slate Not Yet Completed by President-elect Hoover.**

Washington, Feb. 26 (AP).—Further conference with William J. Donovan, assistant to the attorney general, whose sudden arrival in Washington yesterday from Santa Fe, New Mexico, was taken as indicative here of his inclusion in the next cabinet was looked forward to by President-elect Hoover today.

Donovan, who throughout the campaign acted as a close personal counselor to Mr. Hoover, is known to have been under consideration for a cabinet post since November 4. His selection to succeed Attorney General Sargent was reported to have been opposed by various political forces, and therefore, it is understood, Mr. Hoover turned to the war portfolio as a suitable alternative for his New York friend.

Donovan had no statement to make yesterday after his call on Mr. Hoover. His conference followed immediately on his return from New Mexico, where he has been engaged for more than a month. It was said that he might return to Santa Fe in a day or two.

Mr. Hoover is known not to have completed his cabinet slate. The secretaryship of agriculture especially is still occasioning him much thought and although he has a wide choice in the many names warmly recommended him for the post, he is reported as still perplexed.

Thomas D. Campbell of Montana, who saw Mr. Hoover yesterday, said he was sure this agricultural plan would not only redeem all campaign pledges but would be satisfactory to business as well as to agrarian interests.

The special session of congress, at which Mr. Hoover's agricultural plans will be considered, is not likely to meet, Speaker Longworth told the President-elect yesterday, before April 10 or later than April 20.

Mr. Longworth told Mr. Hoover that the existing tariff act would merely be amended to the extent of raising the farm schedules to provide agriculture with the same protection that industry now enjoys and to revising those industrial schedules which can be proved to be inadequate in view of altered world trade conditions since the present measure was enacted.

## Junior League Nurse Resigns

**Miss Victoria Mayer Files Resignation Owing to Ill Health—Will Be Succeeded by Miss Anne C. Cassidy, Former Health Nurse of Saugerties.**

Miss Victoria Mayer, who has been child welfare nurse of the Junior League, has filed her resignation with the league. Miss Mayer since assuming her duties with the Junior League has made many friends. Her resignation is caused by ill health. She succeeded Mrs. Lois Gray of this city as child welfare nurse of the league.

Miss Anne C. Cassidy, who recently resigned as health nurse of the town of Saugerties, has been appointed to succeed Miss Mayer, and will take charge of the baby welfare work of the league at the conclusion of her work in Saugerties, which will be on March 15. Miss Mayer will continue to serve as Junior League nurse until Miss Cassidy assumes the duties in March.

## Foch's Death Only Question of Days

Paris, Feb. 26 (AP).—The Associated Press was informed authoritatively today that the condition of Marshal Ferdinand Foch is considered hopeless and that his death appears only a question of days—one week or ten days at the most.

The informant, in a grief stricken tone and with tears welling up in his eyes, reluctantly admitted that the 77-year-old generalissimo of the Allied Armies, who has been struggling against a complication of diseases for the past month, probably has fought his last fight.

The Marshal's temperature rose to 101.6 at noon today and his weakness is becoming alarming, each pulmonary attack bringing the famous soldier lower and lower. In addition to combatting uremia the Marshal's physicians must fight sclerosis of the heart.

"Can the Marshal be saved," the informant was asked.

"I fear not. We must not forget that the soldier is nearing 78."

Officially hope has not been abandoned for the famous soldier and at least one of his doctors is still optimistic that Foch may pull through, but in other authoritative quarters this optimism is feared unwarranted.

**Union Hose Auxiliary.**

The Ladies' Auxiliary of Union Hose will hold their regular meeting tonight. All members are requested to be present. Business of importance will be transacted.

**Fischer's Ice Harvest.**

John A. Fischer of Abeel street has harvested about 4,000 tons of ten inch ice which he has stored in his two ice houses.

## Bills for Gas Tax, Governor Wants Income Tax Cut

**Republicans and Democrats Sponsor Two Groups of Bills for Two Cent Gas Tax—Differ as to Distribution of Receipts—Gov. Roosevelt Advocates 20 Per Cent Income Tax Reduction.**

Albany, Feb. 26 (AP).—A gasoline tax for the primary purpose of equalizing the rural tax burden today had reached the legislature in the form of bills.

The measures, one of the net results of a series of farm relief conferences, surveys and studies, reached the Senate and Assembly last night in two groups, one sponsored by Republican and the other by Democrats of the legislature. The Democratic measure came from the hands of Governor Roosevelt and was accompanied by a supplementary budget message recommending receipts from a two cent gasoline levy be devoted entirely to highways.

The Republican bill proposed, in addition to the distribution of receipts for highway purposes, that a share go to rural schools as increased aid from the state and that a portion be given New York city as its share of the fund. That the Governor intended to approach the matter of aiding rural schools from another angle was indicated by him last night when he said he would send a message to the legislature next week recommending that increased aid to the amount of $2,200,000 be given, but that such aid should not be appropriated from the gas tax receipts.

**Income Tax Cut Recommended.**

The Governor, in addition to his gasoline tax, recommended a twenty per cent reduction of the personal income tax. Such a reduction, he said in his supplementary message, would apply for only this year, returns for the 1928 taxes being due in April.

The income tax reduction recommended by the Governor was predicated on the gas tax, the message indicating that the loss in receipts through such reduction would be met through the release of state funds by a gasoline tax fund, estimated at $22,000,000.

**The Republican Plan.**

The Republican bill proposes 75 per cent of the gas tax receipts be turned into the general state fund and 25 per cent be utilized for localities. Four-fifths of this remaining 25 per cent would be utilized as increased aid to counties; one-fifth would go to New York city.

Both Democrats and Republicans were agreed in their bills that the two cent tax should be imposed only on vehicles using highways and that where aid was given counties for the development of lateral highways, such work should be done under the supervision of the state.

**The Roosevelt Plan.**

Governor Roosevelt would distribute funds as aid to counties in the following manner:

$4,000,000 for the equalization of the cost of state construction of highways and bridges forming a part of the state highway system.

$600,000 to relieve towns and villages of the cost of maintenance of highways forming a part of the state system.

$4,200,000 as additional aid to counties for the construction of lateral roads, with state approval and, under state supervision, as part of the general system.

The tax would be effective June 1.

The tax revision bill of the Republicans was introduced without official comment, but the governor's measures were accompanied by his message, saying, among other things, that "these changes are in my judgment made necessary because of certain inequalities in the tax burden under existing law."

**Discrimination in Present Plan.**

Under the existing law, requiring a flat rate of 35 per cent from counties for county highways in the state system, the governor saw discrimination against certain counties.

"The counties principally discriminated against," he said in his message, "are those whose lack of economic prosperity forms a matter of grave concern to all citizens whether they be residents of city or of rural communities."

### EXPECT STORK TO VISIT EMPRESS OF JAPAN

Tokyo, Feb. 26 (AP).—The newspapers say that the Empress Nagako will become a mother shortly.

Yuichi Iwase, professor of obstetrics at Tokyo University, at present in Berlin, has been recalled by cable to Japan.

Emperor Hirohito and Empress Nagako already have one child, a daughter. A second daughter died in infancy early in 1928.

**Dry Referendum Favored.**

Madison, Wis., Feb. 26 (AP).—The Wisconsin assembly today concurred to the joint resolution introduced by Senator Thomas M. Duncan, Milwaukee Socialist, memorializing Congress to provide for a nation-wide referendum on the question of modifying the Volstead Act.

**French Fliers Off For Siam.**

Rangoon, Burma, Feb. 26 (AP).—The French aviators, Joseph Lebrix and Antoine Paillard, left here at 3:26 a. m. for Bangkok, Siam, in continuation of their flight to Hanoi, French Indo-China, from France.

## Free Movietone Motor Show at Van Motor Co.

**"Champions" Thrills Crowd At Showroom At First Showings Here Monday—Famous Stars Are Heard—Three Performances For The Last Times Today.**

At the showroom of The Van Motor Car Co., Inc., 259 Broadway, on Monday over three hundred people enjoyed "Champions", a movietone screened by The Studebaker Corporation of America. For the last times today three performances will be given at 3:20 in the afternoon and at 7:15 and 9:15 in the evening. These shows are free and the public is cordially invited to attend. Seats have taken the place of automobiles in the large showroom and guests can enjoy the movietone with almost the same comfort as at a theatre. At the showings Monday the screening of "Champions" was pronounced a success, the acoustics of the showroom being well adapted for the talking motion picture.

That the movietone is entertaining, thrilling and educational can be seen from the program, which includes the following acts: Florenz Ziegfeld and his follies beauties stage a vogue fashion show. Knute Rockne, famous coach of Notre Dame, instructs his men in football strategy. Foxy's radio and stage orchestra plays all the latest numbers. Other stars featured are Ann Pennington of "The Scandals", The Howard Sisters of "Whoopee", Eva Le Gallienne, dramatic star, and Quin Ryan of Station WGN. Abe Jenkins and Ralph Hepburn, race drivers, are shown in a thrilling 30,000 mile record run.

Of course during the performances the latest in Studebaker cars are displayed and their outstanding features explained. The show ends with a short talk by A. R. Erskine, president of The Studebaker Corporation.

J. David Schenck, president of The Van Motor Company, invites everyone to see the show which he is positive all will enjoy. There is no selling campaign put on at this time, the show is positively free, the public is welcome and there is plenty of room.

## Julius Alcon Buys Building

**Schuster Building on East Strand Again Changes Hands—Bought by Harris Mones Who Sells it to Mr. Alcon—To Continue Tobacco Business.**

The Philip Schuster building on East Strand, which was recently purchased by Harris Mones, has again changed hands, Mr. Mones selling the building to Julius Alcon, the Strand shoe merchant, who will take possession as soon as the building is vacated by Mrs. Schuster.

It is understood that it is planned to continue a cigar and tobacco business in the building.

The building is a three story brick building, the first floor being used for a tobacco store, the second floor for living apartments, while the third floor was used as a factory and where many brands of cigars were manufactured by the late Mr. Schuster.

There has been a cigar and tobacco business carried on in the building for nearly half a century.

## Action Against Vare Deferred

Washington, Feb. 26 (AP).—Senator Norris, Republican, Nebraska, informed the Senate today he would not press his resolution to deny Senator-elect Vare, of Pennsylvania his seat at this sesion because of the latter's illness.

The decision of Norris was regarded as definitely deferring disposition at this session of the case against Vare.

Senator Reed, Democrat, Missouri, chairman of the special committee which recommended against the seating of Vare, told the Senate yesterday he did not desire to press for action against Vare at this time as he is unable to take advantage of the Senate's previous offer to appear and defend himself.

The Senate, on motion of Norris, voted, however, to continue indefinitely the special committee which inquired into Vare's 1926 campaign. Norris declared that the Senate had extended "every courtesy that it possibly could" but that "the fact remains that Mr. Vare is a very sick man."

"I am mindful of the fact," he said, "that at the next session of the Senate those who favor the seating of Mr. Vare will be larger in number than they are now, but under the circumstances I do not want to crowd the case to a conclusion."

**Nominations Favored.**

Washington, Feb. 26 (AP).—Favorable reports have been made by a Senate Judiciary Sub-committee on the nominations of Irvine L. Lenroot, of Wisconsin, to be a judge of the United States Court of Customs Appeals, and Henry J. Glascie, former tariff commissioner, to be a judge of the District of Columbia Supreme court.

## Tornadoes Ravage Three Southern States

**Known Dead Number 22, Scores Are Injured and Property Loss Exceeds $500,000—Texas, Mississippi and Arkansas Scene of the Storm.**

Memphis, Tenn., Feb. 26 (AP).—Tornadoes making an early spring visit to three states yesterday left a trail of 22 dead, scores injured, a wrecked village and property damage exceeding $500,000.

At intervals of a few hours the wind storms dipped down into northeast Texas, northwest Mississippi and southeast Arkansas, striking with greatest fury at Duncan, Miss., where 14 of the 450 residents were killed and the village was left in wreckage.

The death toll by states:

Texas: Man and wife at Cooper; two negroes at Grand Prairie.

Mississippi: Three whites, five Chinese, six negroes at Duncan and two negroes 11 miles northwest of Marks.

Arkansas: White woman, her 15 year old daughter.

Almost without warning the hamlet of Duncan was demolished about 2:30 p. m., yesterday when a twister swept diagonally across the business section. Fourteen stores, a two-story brick hotel, eight residences and a number of negro cabins were levelled.

All power in Duncan was cut off and while rescue workers searched the wreckage in darkness, National Guardsmn patrolled the vicinity to prevent looting. The troops were ordered out early in the evening by Governor G. Bilbo.

The black clouds rapidly converging in the northwest gave Duncan its first warning of the coming storm. There was a terrific roar as the clouds met and the air was filled with debris.

"There was so much noise that it sounded as if every house in town was being torn to pieces," the Rev. E. E. McKeithen, pastor of the Methodist Church, said in describing the storm. "Nobody had time to do anything and it was all over in a matter of minutes. The tornado was followed by a scene of awful confusion with men and women screaming and running in all directions."

Duncan has no hospital and while the injured were being taken to first aid stations hastily set up in vacant store rooms a heavy rain added to their suffering. Twelve of those killed in Duncan met death instantly and the other two died within a few hours.

Two hours later a storm, probably the same one, struck Marks and jumped over into Arkansas and came down near DeWitt about 5 o'clock. C. I. Nicholson saw its approach while working in the rice fields and was running toward his family when the twister demolished his home, killing his wife and daughter.

Texas was the first to experience the tornado, which caused estimated damage there of $250,000. Mayor O. O. Wolf and a committee of citizens, after a survey of the wreckage of Duncan, estimated the damage at $250,000. Several thousand dollars' loss was suffered by plantations near Marks while a number of barns and houses were damaged in the vicinity of DeWitt, Ark.

Of the approximately 40 persons injured in Mississippi, four were reported in a serious condition, and six were severely hurt in Texas. One man in Arkansas was taken to the hospital.

Several pranks of the storm stood out. At Duncan, Miss., an iron safe was picked up from an office and carried more than 100 yards. A flying store building dropped on a negro, killing him but causing only slight damage to the structure.

### ELIHU ROOT VISITS RUINS OF POMPEII

Naples, Feb. 26 (AP).—A motor trip to the ruins of Pompeii was a this morning's schedule of Elihu Root, American jurist, who arrived last night aboard the steamship Augustus.

The veteran statesman, who is en route to Geneva to assist in revision of the world court statutes, seemed in excellent health, although slightly tired. He said he had a good voyage.

### CITY TREASURER'S OFFICE WILL BE OPEN TONIGHT.

City Treasurer E. T. Shultis will keep his office in the Central Fire Station open this evening from 7 to 9 o'clock for the convenience of taxpayers who are unable to call at the office and pay their taxes during regular office hours. This will be the last evening that the office will be open for that purpose this month.

**Our Growing Population.**

The following births have been reported to the board of health:

Mr. and Mrs. Charles M. Smith, 6 Murphy street, a daughter, Hazel Martha.

Mr. and Mrs. George Dittmar, 567 Broadway, a daughter, Anne, at Benedictine Hospital.

Mr. and Mrs. Alfred Groschen, 92 Clinton avenue, a son, Alfred James.

**Ambulance Calls Here.**

Monday the city ambulance removed Mrs. Amanda Liske from 39 Second avenue to the Kingston Hospital; Miss Anna May Richter from 40 West Union street to the Kingston Hospital, and Mrs. Charles Carson from 77 Abruyn street to the Kingston Hospital.

## Chicago Electing Fifty Aldermen

**Unusually Elaborate Police Protection Provided Against Violence—Policies of Mayor Thompson at Issue in Many Wards.**

Chicago, Feb. 26 (AP).—An aldermanic election was being held today under unusually elaborate police protection.

Every available policeman was called to duty. His orders were to "smash the butt of your gun over the heads of hoodlums as soon as you see them."

Arrests were made even before the voting started. Deputy Commissioner John Stege sent special details sweeping through the "bloody Twentieth" ward, and they picked up half a dozen men.

The deputy commissioner gave his squadron the names of well known Racketeers and ordered that they be picked up on sight.

County Judge Jarecki convened court at 5:30 a. m., half an hour before the polls opened, to be ready for any election day violence, trickery or fraud cases that might arise. The court was to remain open until the results of the election had been determined tonight. The polls close at 4 p. m.

Two candidates in the "Bloody Twentieth" spent the day under police protection following threats against their lives. Alderman A. J. Prignano, seeking re-election, moved his family yesterday from the ward in which he was born and in which he has always lived. A police guard was stationed at his home and another was assigned for his own and his family's protection.

State Representative William V. Pacelli, another candidate for alderman in the 20th ward, was given protection after receiving a threatening letter.

Today's election was a challenge to "Thompsonism," inasmuch as the mayor's policies were the issues in most wards. Many aldermen sought re-election on their record as supporters of Mayor Thompson and were opposed by men who called for votes on the plea that Chicago "continue the cleanup started in November."

Fifty aldermen were to be chosen.

## River Steamers Caught in Ice

**The Poughkeepsie, Odell and Newburgh Were Fast in Ice Saturday and Sunday, but Were Released Monday and are Making Regular Trips.**

Three steamboats of the Central Hudson Steamboat Company were again caught in an ice flow about a mile north of the scene of their recent experience with ice packs. The boats are the Poughkeepsie, Newburgh and Odell. They were freed Monday and are again running on the route.

The Poughkeepsie was marooned Saturday night at 9 o'clock in Newburgh bay while on her way up the river and the Newburgh was caught Sunday morning on her way down. The Odell was sent out from Newburgh to help free the two boats, and was also caught by the ice-flow. The boats are able to move about a little, but they cannot break through surrounding ice barriers.

These barriers are due to the tide which has heaped up tons of solid ice and slush, which froze into place Friday and Saturday. The passage through Storm King, where the boats met with the same mishap about a month ago, is open, and passable.

Newburgh-Beacon ferries were also held up for a short while Sunday but when the tide receded, passage was clear for them.

The ferryboat "Poughkeepsie," of the Poughkeepsie-Highland Ferry Company, was caught in the Highland slip Sunday afternoon at about 5 o'clock. The ice so filled the slip that when the ferry entered she was jammed tight, and it was necessary to use the "Brinckerhoff" to pull her out.

## Expect 14,000 U. S. Millionaires

Washington, Feb. 26 (AP).—The treasury expects the March 15 income tax returns to show that at least 14,000 persons in the United States are worth a million dollars or more.

The figure was arrived at from a study by Joseph S. McCoy, chief actuary.

A person who pays a tax on an income of $100,000 is estimated to be worth a million dollars and last year 11,697 persons made returns upon that basis.

In 1927, the number of persons who had net incomes of more than a billion dollars totaled 283. This number also was expected to be increased this year.

McCoy estimated that the number of persons filing returns this year also would be increased due to prosperous conditions prevailing in 1928. In 1927, a total of 4,122,242 persons filed income tax returns, of which 2,458,859 had taxable incomes.

**Right of Way for Jones Bill.**

Washington, Feb. 26 (AP).—The Jones Bill to increase penalties for prohibition violations was voted legislative right of way in the House today by its rules committee.

## Crowded School Conditions Make Relief Necessary

**Equipping and Opening Fourth Room in No. 6 Addition Might Afford Temporary Relief to No. 8 School—Insurance Rates Raised on City School—School Registration is 1,328.**

In order to carry on the work of the city schools for the next month and meet bills and payrolls, the board of education in special session Monday evening authorized the borrowing of $1,200 on a thirty day note. This action was necessary in anticipation of the receipt of the public money which will be paid to the city during the latter part of March. The money received from the regular tax levy has been practically expended but the public money received by the city will amount to $192,794, which will carry the schools over to the next regular tax period.

Another problem in finances was called to the attention of the board by Trustee Beeres, who informed the members that he had received a schedule of increased insurance rates which apply to the city schools under the new rating of insurance, and he stated that he had made inquiry as to why the rates on the various schools had been increased to such an extent but had as yet received no reply. The three year premium for the city schools has been increased from $6,000 to about $9,000, a 50 per cent increase. In several instances the increase has been near 100 per cent while at other schools the increase was small. The rate on the high school has been increased from 45 cents to 72½ cents. No. 7 has been increased from $1 to $2.52 and other buildings scale down to meet the No. 5 rate, which is increased 10 cents to $1.10.

**Permitted to Cancel Insurance.**

The matter of insurance will probably be taken up at some future time. Under a new law now in effect boards of education are included in the list of municipal boards which are permitted to cancel insurance if the board so desires, but this Mr. Beeres stated was a rather big risk for any board to assume.

With Trustees Beeres, Betz, Terry, Hayes, Fowler, Mathews, Katz and President Flemming present the business was quickly disposed of and the board adjourned to meet on March 22.

The February payroll amounting to $30,591.27 was audited and ordered paid as well as bills amounting to $3,500.45.

Authority was given to borrow $1,200 on a 30 day note of the board pending the receipt of the public money.

It was reported by the supplies committee that the new shaping machine recently purchased by the board with federal money received had been ordered, shipped and was now at the shop ready to be installed.

**Requests to Use High School.**

Several communications were received from organizations desiring to use the high school auditorium or gym. The request of the City of Kingston Hospital School for Nursing was granted for use of the auditorium for their annual graduation exercises on June 20. A request of the High School Athletic Association for permission to dance after the Ravena-Kingston basketball game was granted. Trustee Beeren and Principal Van Ingen were appointed chaperones.

The request of the members of the Artistic Welfare League, an organization among the workers of the F. Jacobson & Sons shirt factory, was denied as the request does not come under the school law regulating use of the high school auditorium. The members of the league requested the auditorium for use in presenting a minstrel show on April 9 and 10. Proceeds of the show would be given toward the funds of the league which is organized among employes of the factory and devoted to sick benefits, assisting needy employes and in making loans to members of the league. As membership in the league is limited to employes of the factory the high school property is not available under the law which does not permit private or restricted charities to use school property. The superintendent was authorized to write the league expressing the regret of the board and citing the law under which it was necessary to turn down the request.

**Chaperon Rule Criticised.**

Following his appointment as a chaperon at the Athletic Association dance, Trustee Beeres stated that he did not believe the members of the board should be required to serve in that capacity but believed the faculty of the school should take the responsibility. In presenting his thought to the board he stated that the members of the board did not know who was a member of the high school and who was not and it was possible for many outsiders to gain admission to these affairs which are limited in admission. The faculty was better able to determine who should be admitted.

Mr. Flemming stated that the appointment of chaperons from the members of the board was in accordance with a rule of the board.

To that Mr. Beeres replied that if that was the rule, he believed it should be rescinded but as he was now appointed chaperon he did not desire to make a motion to have the rule rescinded until he had served his turn but he believed such a motion should be made. The opin-

## Flashes of Life Sketched in Brief

(By The Associated Press)

Paris—Mlle. Suzanne Geoffre, who underwent an operation in an effort to have her thick legs beautified, has been awarded $5,000 damages against a surgeon. Poison necessitated the amputation of one limb. The court held that since the operation was not necessitated by health the patient should have been warned of the dangers.

New York—Mrs. Olga Hegler Lihme, who owns a Fifth Avenue co-operative apartment, is suing the building corporation for $100,000 on the allegation that employes of the building broke into her home, used her private stock liberally, then wrecked the place. In denying a motion to dismiss Federal Judge Thacher held that the defendant's claim that the plaintiff's possession of liquor was unlawful was gratuitous and irrelevant.

Coral Gables, Fla.—For five false alarms here and in Miami Johnny Weismuller, swimmer, is out $1v A. S. Wolf, arraigned with him, was fined $25.

New York—Greenwich Village isn't what it used to be, insist Mr. and Mrs. S. J. Cable, who have lived there 70 years. They aired their views when tendered a reception by other old residents. "The village in the old days wasn't any fake artists' hangout. It was the all-American ward," they said.

New York—There's a dispute over the pen with which Lincoln signed the Emancipation Proclamation. An art gallery has affidavits to support the claim that the pen it will auction is the genuine one. Four years ago a pen, supported by documents as the one and only, sold at auction in Philadelphia for $1,000. Mrs. Stuart Pritchard of Battle Creek, Mich., has written to the New York Times in protest against tomorrow's sale. She claims she owns the one Lincoln used.

Belgrade, Jugo-Slavia—Ice blocking the Danube is so thick that attempts to smash it by artillery fire and mines have failed.

St. John's, N. F.—Captain Will Bartlett, father of Captain Bob Bartlett, explorer, is to lead the sealing fleet on its annual hunt, starting next Saturday.

Paris—Four women murderers who were in the death house awaiting the guillotine are to have life imprisonment instead. President Doumergus has commuted their sentences.

### COFFEE GROUNDS GOOD FERTILIZER

Troy, N. Y., (AP)—A use for coffee grounds has been discovered at Rensselaer Polytechnic Institute—they are good fertilizer.

The grounds may be dumped into the flower pots or upon the home garden, without fear that they will overstimulate or harm the plants. Chemical analysis reveals that they are well filled with phosphates, one of the useful constituents of fertilizers.

This discovery is a by-product of a research in coffee that aims ultimately at the possible synthetic production of that elusive thing called "the flavor of good coffee." A synthetic flavor would be a fixed flavor, in the sense that it could be mixed readily to suit the taste, much as salt is used.

The analysis of coffee is under direction of Dr. F. W. Schwartz, professor of analytical chemistry. The stage of experimenting with artificially made flavors has not been reached, for it must be preceded by a complete analysis of the substances formed in roasting coffee and of the changes they undergo in making a cup of coffee.

One of the substances found to play an apparently important part in coffee is cane sugar. It is present in small amounts in the green coffee bean. Roasting changes the sugar. At least part of it turns into caramel, the substance that helps to give the brown color. Possibly also the sugar acts also to increase a yellow oil that appears during roasting.

This oil is in some way related to the flavor. Prolonged roasting brings the oil to the surface of the bean, making a coffee that is very dark, greasy to the touch, and possessed of a strong taste. In some countries this greasy bean is in favor, Dr. Schwartz says, but not in the United States.

### "BLUE MOLD" KILLING CONNECTICUT HORSES

Norwich, Conn. (AP)—Veterinarians examining the mystifying deaths of farm horses in this region have concluded the animals were poisoned by "blue mold," a growth that forms in grass during a protracted season of wet weather.

The mold causes depression of the heart and of the central nervous system. Horses in the first stage stagger about to find something on which to lean their head. If the quantity of moldy grass eaten is considerable, death is likely to follow a period of illness. More frequently the animal has to be dispatched.

Early medical attention, the veterinarians say, will save an affected horse. Farmers are advised to keep horses out of the pasture until it is dry.

## THE WHITE SOUTH WARNED.

An uninviting prospect for the politically broken South is presented by Judge Pierre Crabites, a distinguished Southern Democrat, in an article in the March North American Review entitled "A White South or Black?" Its author appears to be of the generation that remembers the period of negro and carpetbag rule, with all its horrors, and he believes that the South's safety demands "white supremacy," which only the political solidarity of the whites can make possible. But a new generation has come upon the scene with leaders not old enough to remember, and now these are not only interested in other matters but are bitterly divided over the prohibition question. Many think that the division among the Southern whites shown in the last Presidential election was only temporary, but in the view of Judge Crabites the rent is too wide and deep and the situation will never again be what it was.

What then? An "avalanche of potential negro votes," held in check when the Southern whites "stood as a unit," is in a way to become a "moving and irresistible" force, with the result of "black domination or bloodshed." It is true enough that if the breach between the regular and prohibition Democrats can not be healed, the balance of power will go to the negroes, vast numbers of whom have been constitutionally qualified for the ballot—a qualification inevitably recognized when rival whites seek negro support. The old Southerners, who remember, are raising voices in warning. The unanswered question is whether the young Southerners, who do not remember, will listen.

## LONDON'S ONE BRIBERY.

London is reported to be vastly disturbed over the discovery that a policeman had been bribed by the proprietor of a night club to wink at the selling of liquor after the hour fixed by the law. Henry W. Nevinson, the veteran English correspondent of the New York Sun, after telling how the crime has shocked the public in his country, goes on to say: "We English have long prided ourselves upon possessing officials who are above suspicion. I have myself always believed and written that as a nation we may be slow and conservative, but at all events we are incorruptible; especially that our officials cannot be bribed. This case comes like a blow in the face."

Here in the United States we have received so many so much heavier "blows in the face" of this type that we regard them as a matter of course. The single incident that has caused so much disturbance in London, if perpetrated here, would hardly attract our notice, because it would be a relatively small matter in a multitude of more serious offenses of a similar sort.

"Our prohibition laws," comments one American newspaper, "have held out such vast profits to bootleggers and have made possible the tender of bribes so large as to present irresistible temptation to a large number of the rank and file of enforcement agents. Everybody knows what is going on. The loot is so great that it leads not only to corruption of police departments in localities where the local police are dragged into the business of enforcement, but prompts such gang wars as have developed in Chicago and, in lesser degree, elsewhere."

It is reported that America's cast-off old clothes are appearing these days in Africa, India, China and other remote regions. They do not get there in missionary barrels entirely, either. The old clothes business, according to the head of the Bush Terminal disinfectant plant, has become international, with special activity in the Orient. People in those far countries will pay from 20 to 59 cents for an old coat, 10 cents for a vest, and so on. It's rather depressing to think of. As if it weren't bad enough to have the Oriental peoples taking up so many of our ways, we must also reconcile ourselves to having them wear our old clothes. On the other hand, there is a gleam of hope in this. Perhaps the Oriental market will develop some use for those troublesome safety-razor blades that all the wits of the nation have been trying to dispose of for years. Eventually they may even absorb our old automobiles.

Ex-Congressman Upshaw of Georgia is said to "feel" that "as a militant dry and a Democrat who bolted the Smith ticket" he "deserves recognition of some sort," and to think that a place on the "prohibition fact-finding commission" Mr. Hoover is to appoint would be highly appropriate. But would Mr. Upshaw be as interested in finding "facts" as in securing confirmation of his immutable views?

Not all old men are out of the game. Here's Fridtjof Nansen, at the age of 68, announcing that he will undertake another polar expedition in 1930, this time in a Zeppelin—the same Nansen who adventured within a few miles of the North Pole 35 years ago, before Commander Byrd was born.

There are remnants of the "Wild West" even outside of the movies, for the news comes of large herds of wild horses roaming the country as far east as Kansas, where they plague the farmers by overrunning and trampling down wheat fields.

## THAT BODY OF YOURS

By

### INTESTINAL ULCER

You have been suffering for some time with what you and your friends call indigestion.

Finally you find things following a sort of schedule. You eat a meal, everything feels all right for about two hours, and then you begin to have pain in the stomach, usually a little to the right of the middle line of the body. This pain continues until you eat some food, then it ceases, you are free from pain for two hours, and the pain returns.

You find that baking soda or other alkali stops the pain, and accordingly take some baking soda or use some soda mints when pain arrives.

You consult your doctor and he diagnoses the trouble as an ulcer of the stomach or first part of intestine. He has you take a barium meal at the hospital and the ulcer is located.

Now there are two ways of treating this condition, by medicine, or by surgery.

Where the ulcer is blocking the passage of food from the stomach into the small intestine, an operation must be performed, but in the majority of cases of ulcer of stomach or small intestine, it is usually worth while to use medical treatment, which consists simply of the use of alkalis to offset the acid juice—hydrochloric acid—which is thought to be the cause of the pain of ulcer.

Now as the stomach needs this hydrochloric acid juice to digest the food, you can readily see that alkalis like baking soda, or magnesium or lime salts, must interfere or stop the action of this juice.

However nature, as ever, keeps ahead of our needs, and so the pancreatic juice which is poured on the food as it leaves the stomach, does the work that the stomach was unable to do.

However the first thought is to find out what is causing the ulcer and often it is poison from bad teeth and tonsils, or some nose condition. And then alkaline preparation of baking soda, magnesium, or bismuth are given after every meal.

So don't suffer with indigestion of any kind.

Find out what is wrong, ulcer, or simple inflammation, and follow the treatment faithfully. Keep it up for some weeks after you feel that you are absolutely well.

## TWENTY AND TEN YEARS AGO.

Feb. 26, 1909.—The house occupied by Cornelius Hicks and L. Deitz at 63 O'Neil street, badly damaged by fire.

Parents complained to education board on account of over-crowded condition at School No. 6.

Feb. 26, 1919.—Word received here of death from pneumonia of Private LeRoy Dawe of Lawrence street, in Guls, Germany, on February 13.

Death of Mrs. Ezra Markle at her home in West Hurley.

Mrs. Joseph Schulden died at the home of her daughter, Mrs. Frank Weber, on Washington avenue.

Elva H. Bogart elected president at the annual meeting of the Ulster County Fish and Game Protective Association.

## MT. TREMPER.

Mt. Tremper, Feb. 25.—Frank O'Donnell and sons, builders, have completed a seven-room bungalow for H. Smith of Lanesville. They also have nearly completed a 10-room addition to the main building and a large extension to the main dining room for C. F. Zinckgraf. Conway Brothers, plumbers, of Phoenicia, are putting running water in all bedrooms.

Mr. Zinckgraf and family have recovered from a recent illness.

Frank O'Donnel and Sons have a new contract to start as soon as weather permits.

Frank O'Donnell has purchased a new four-door Model A Ford from the Phoenicia Garage.

## NEW PALTZ

New Paltz, Feb. 26.—Mr. and Mrs. Lloyd Smith entertained guests at supper on Friday evening.

Mrs. Floyd Depew has been entertaining her mother, Mrs. Uriah Quick, of Leibhardt.

The two-family house located on the west side of the Wallkill Valley Railroad, facing North Front street, together with the large vacant lot adjoining it on the west, which was formerly the northern portion of the old Normal School grounds, has been sold by the Storr Realty Corporation, Inc., to William S. Martin of New Paltz. The sale was made through the property agency of Ettinge Harp.

An interesting program was given at Huguenot Grange last Saturday night after Mrs. Eva Dingee had been obligated in the third and fourth degrees. A collection of lantern slides of New Paltz a generation or two ago made by the late Henry L. Schultz was shown. Edgar V. Beebe ran the lantern and Cornelius L. Van Orden, assisted by Harry Zimmerman, explained the various scenes and objects. Mr. and Mrs. George Boettiger were host and hostess.

Last Saturday afternoon Lee Shackrow and John Dodd while driving their car through Springtown met with an accident. The steering wheel of the car broke near the village school house. The car zigzagged, hit a post and turned over in the ditch. Elmer Benson was close by and heard the crash. Mr. Shackrow was pinned under the seat. Benson had to get his tractor to haul the car over so as to get Shackrow out. He was unconscious and was carried to the Hudson Farm House. Dr. Branner of New Paltz was summoned and found he had bruised his arm and injured his collar bone. Mr. Dodd escaped injuries.

Miss Marie Bell entertained the Junior Bridge Club at her home on North Chestnut street Saturday, February 16. The next meeting will be held at Miss Carolyn Yeaple's home on March 2.

Henry Bowman LeFevre is ill at his home on Wurts avenue.

George Hart, Jr., was a visitor in town last week.

Edna Steen is spending the week end at Mt. Vernon.

Mrs. D. B. Relyea of Ridgefield Park, New Jersey, spent the week end in town.

Dr. Lawrence H. VandenBerg attended the convention of Normal School principals which was held in Oswego, Wednesday, Thursday and Friday of last week.

Harold DuBois and George Atkins while working in the woods Tuesday afternoon, on account of the storm quit work and suggested going shooting for awhile. In half hour's time DuBois shot one of the largest and finest specimens of red fox ever seen in this section. Du Bois was offered $35 for the pelt.

Frank Reddy's family will move to Clintondale next week from the house of Kenneth DuBois on the Plattekill road.

Miss Porter and the three children of James Sanborn of Riverside Drive, New York, spent the week end with Mrs. Emerson Kite. Mr. Sanborn was with the Board of New York Water Supply and lived in New Paltz for a number of years, where he has many friends.

Mr. and Mrs. Warren Craig have returned home after having spent two weeks with their daughters on Long Island. While there they attended the funeral of Mrs. Craig's brother, Corodon Norton.

John Messmer, extensive dealer in real estate, predicts that New Paltz will grow more in the next five years than it has in the past half century. He says that the new Poughkeepsie bridge will help the growth of this town even more than that of the town of Lloyd.

Mrs. Harry Daigle of Marlborough spent Sunday with friends in town.

Mr. and Mrs. Jesse Quick and family called on relatives in the town of Libertyville recently.

Arthur Rhodes and family of Clintondale spent Saturday evening with friends in this vicinity.

Raymond Sutton and Wesley Harris of Clintondale attended the American Legion dance in New Paltz.

The Rev. and Mrs. J. Robert Halmshaw were guests of Mrs. J. D. Palmatier Monday in Lloyd.

Mr. and Mrs. C. C. Deyo entertained guests over the week end.

Rufus Smith, who works at Maybrook, was home on Monday in Libertyville, near here.

J. W. Feeter of Highland, Dr. B. A. Reynolds and Edward C. Elmore of New Paltz went fishing in Round Pond at Claryville last week. They caught a nice lot of pickerel and stayed over night at Mr. Feeter's camp, where there was a big fireplace and everything comfortable.

Mr. and Mrs. Koch entertained Mr. and Mrs. Charles Koch, Mrs. Short and son, Harry, of Kingston last Sunday.

The Misses Agnes and Marie Quick were guests of their sister, Mrs. Yorks, on Sunday.

Adelbert Yorks has purchased a new car.

Mrs. Bruyn Hasbrouck entertained the N. S. V. Club on Tuesday afternoon.

The regular meeting of the Seekers' Class and Home Department of the Methodist Sunday school will be held Thursday evening, February 28, at 7:30, at the home of Mrs. Myron Vandemark on Elting avenue.

Miss Louise Freer spent the week end with her parents, Mr. and Mrs. Henry D. B. Freer, on Elting avenue.

Miss Lucille Coddington spent the week end with her parents, Dr. and Mrs. Fred Coddington, on South Chestnut street.

Mrs. Mary Dill, who has been confined to her home by illness the past week, is very much improved.

On Friday afternoon Mr. and Mrs. Charles Staats gave a party to their son, Charles, to celebrate his seventh birthday. It was largely attended by the school children and grown folks. The old Colonial residence was elaborately decorated for the occasion. Luncheon was served in the large dining room and in the evening, supper. Each child was presented with a souvenir during the meals. There were games and dancing and several recitations and songs by the children. Mrs. H. Marbeck, former actress, entertained with her monologues and impersonations. Frank Stopski of Kingston amused with his ventriloquism. Miss Belle Meier, the belle of Stony Hollow, was applauded for her solos. George Burger of Stony Hollow, the mimic and impersonator, was busy serving refreshments and entertaining. Miss Doris Stadelman and Emma Hudson sang a duet. Mrs. A. G. Stadelman, as always, was jolly on the spot, helped out and made things very agreeable for the children and the guests. The game of pinning the tail on the donkey was won by Lester Decker, ski ball won by Chester Decker, ting-a-ling chimes won by Charles Staats, fish pond by Paul Fitch, nine pins, Don Deyo. Miss Bertha Jansen, the school teacher, as usual, was busy preparing the games. The following children were present: Frances Minard, Helen Minard, Charles Fitch, Paul Fitch, Doris Stadelman, Chester Decker, Lester Decker, David Decker, Nellie Decker, Myrtle Decker, Emma Hudson, Charls Staats, Betty Staats, Don Deyo. Others present were Miss Freda Meier of Stony Hollow, Miss Marie Meier of Stony Hollow, Frank Stopski of Kingston, Mr. and Mrs. H. Hornbeck and Miss J. Hornbeck of Higginsville, Mr. and Mrs. Stadelman and Mr. and Mrs. H. L. Eberle.

On February 16 Miss Ida P. Palen and Miss Josephine Thompson sailed on the "George Washington" of the United States Lines for Cherbourg, France. They expect to spend the greater part of the summer in France. They will also visit Holland and England before returning.

Mrs. Oliver S. Gregg spent Friday at the home of Mrs. Erastus Gerald on South Chestnut street.

## MALE MOSQUITOS APPEAR HENPECKED

Edenton, N. C., (AP).—In family life among anopheles-mosquitos, the kind that spread malaria germs, the wives and daughters have much the best of the bargain.

When cozy resting places in houses and sheds are available, it's the female of the species who does her resting there, and most of the males are left to shift for themselves in less desirable nooks.

Conducting an investigation along the Roanoke river in Bertie county, during which more than 5,500 mosquitos were captured, Dr. Henry W. Kumm of the Rockefeller Foundation's international health division station here made this observation:

"Of anophelines captured inside houses all were female; of anophelines captured in mule sheds about 99 per cent were females; of anophelines captured under houses, 71.7 per cent were females and 28.3 per cent males; of anophelines captured in hollow trees, 20.4 per cent were females and 79.6 per cent males."

A number of the mosquitos were stained and set free in an effort to find out how far these pests can fly and spread their poison within one generation of their brief lives. Some of the stained ones were recaptured 0.4 mile from the point where they had been marked. Other investigators, Dr. Kumm points out, have measured mosquito flights by the same method and showed they were capable of traveling as much as a mile.

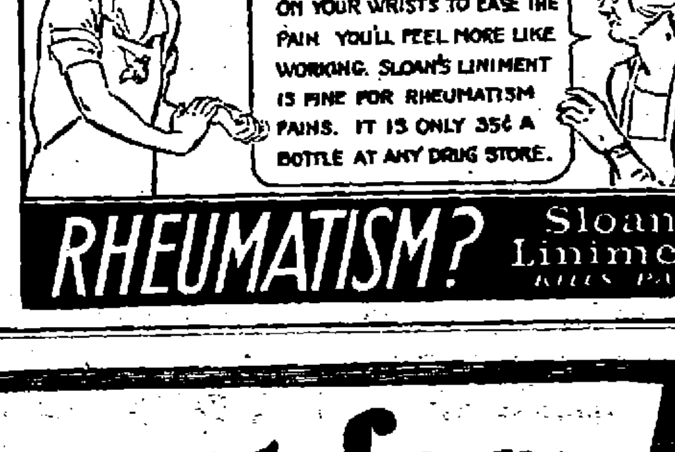

### Computing Averages

The law of averages aims to demonstrate that while the trend of human affairs cannot be forecast with certainty, it can be worked out to a considerable extent arithmetically by arriving at averages based on statistics relating to the event.

THE ADVANTAGE IN MOVING — By John Cassel

# "I am strong for Luckies."

John Gilbert
Celebrated Screen Star

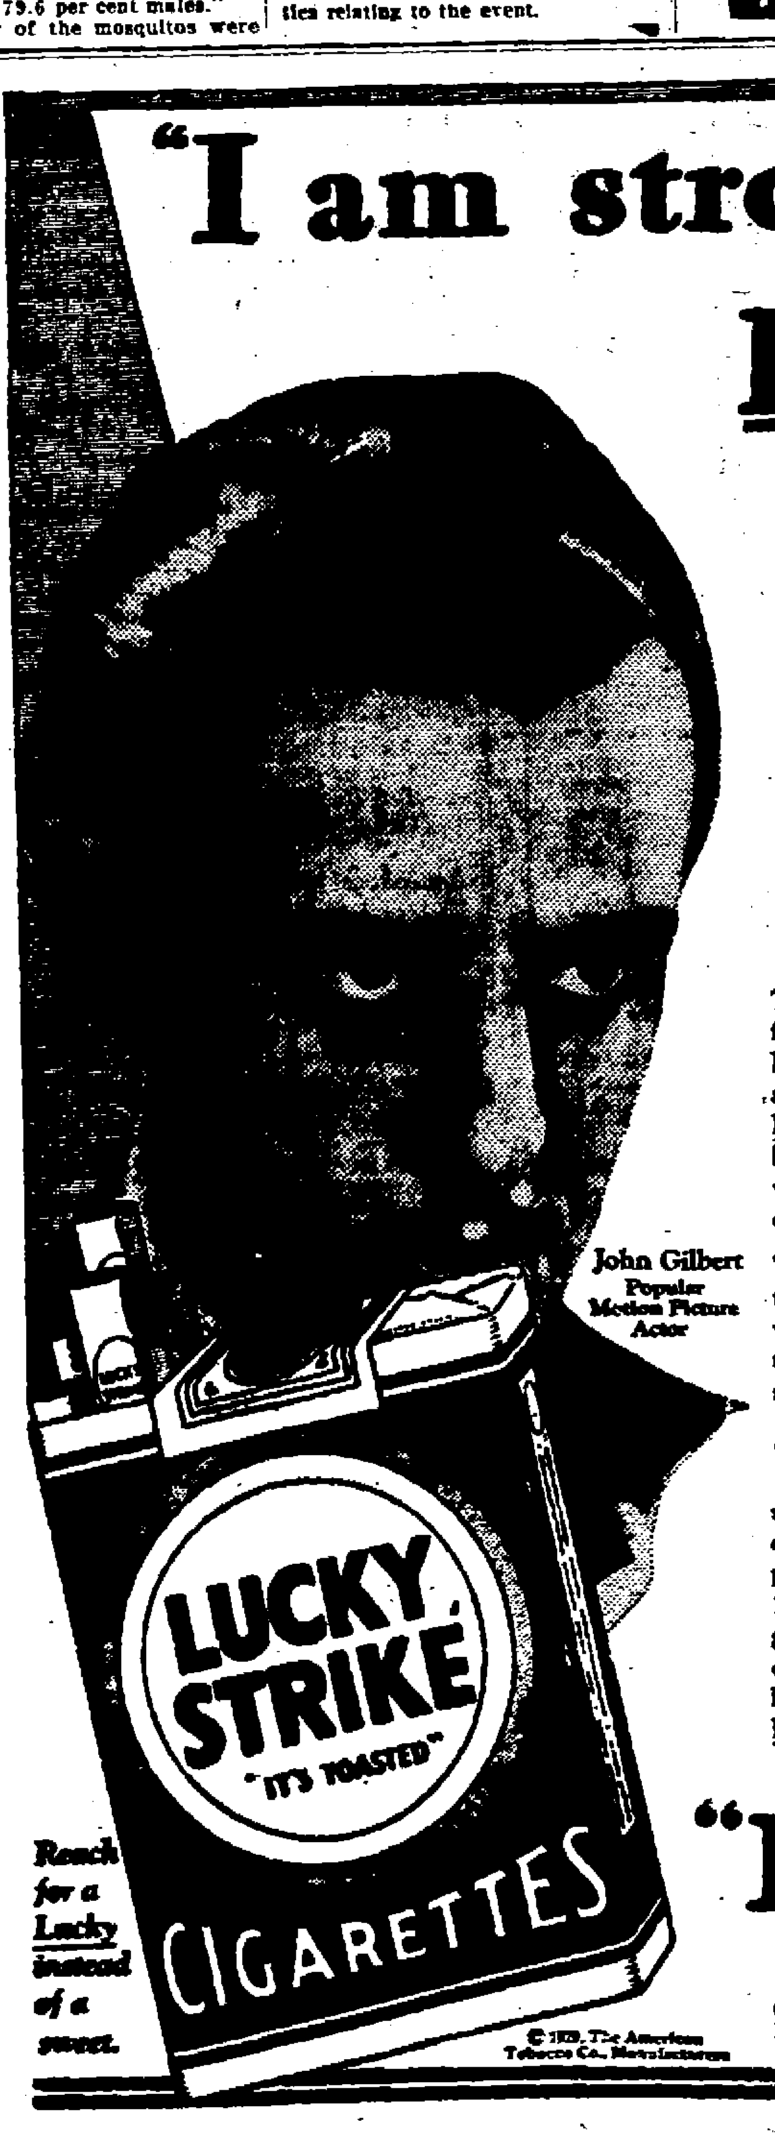

*"Motion picture actors are under a great strain—they need the comforting qualities of a good cigarette. That is why most of us smoke Lucky Strike. The marvelous toasted flavor of Luckies brings complete enjoyment and relaxation but does not hurt the throat or wind. I am strong for Luckies—they are the 'stars' of the cigarette picture. I would rather have a Lucky after a meal than rich pastries or desserts."*

JOHN GILBERT

The modern common sense way—reach for a Lucky instead of a fattening sweet. Everyone is doing it—men keep healthy and fit, women retain a trim figure. Lucky Strike, the finest tobaccos, skilfully blended, then toasted to develop a flavor which is a delightful alternative for that craving for fattening sweets.

Toasting frees Lucky Strike from impurities. 20,679 physicians recognize this when they say Luckies are less irritating than other cigarettes. That's why folks say: "It's good to smoke Luckies."

Note: Authorities attribute the enormous increase in Cigarette smoking to the improvement in the process of Cigarette manufacture by the application of heat. It is true that during 1928, Lucky Strike Cigarettes showed a greater increase than all other Cigarettes combined. This surely confirms the public's confidence in the superiority of Lucky Strike.

Reach for a Lucky instead of a sweet.

"It's like one of those guns you're showing in the window,' said a would-be customer to the man behind the counter.

A gun was brought and laid before the customer.

"A beautiful piece of work," said the salesman. "Only $170, and cheap at that."

"One hundred and seventy dollars!" gasped the customer. "But your advertisement says free of charge."

"Certainly, sir," was the quiet reply. "We wouldn't think of selling our guns loaded."

# Quarantined For Spinal Mengitis

Seattle, Wash., Feb. 26 (AP).—With twelve cases of spinal meningitis on board when she arrived here late last night from the Orient, 146 steerage passengers and members of the crew of the steamer President Lincoln were placed under quarantine. The disease was described as of a "virulent" nature.

Prior to the quarantine being put on the cabin passengers had landed.

The eleven ill men and one woman, all steerage passengers, were taken to the city hospital.

The fact that twelve of the ship's personnel were ill with the disease was kept so well hidden that many passengers went ashore without the slightest idea of how close they came to being quarantined. Many of the ship's officers apparently were unaware of the outbreak of disease in the steerage.

Dr. Paul York, ship physician, said the first case appeared when the ship was four days out from the Orient. The passenger, a Filipino, was immediately quarantined, and other steerage passengers inoculated, he said. As other cases appeared they were isolated.

Health officers today were preparing to take over a hospital in which to quarantine the 124 steerage passengers. They were held aboard the ship last night. The majority of the quarantined persons are Filipinos, the others being Japanese and Russian.

The President Lincoln stopped at Manila, Hong Kong, Shanghai and Yokohama on the trip just ended.

## WEST SHOKAN.

West Shokan, Feb. 25.—The ideal weather over the week end added to the merriment of the guests of the Traver Hollow Inn, who have been enjoying sledding and skiing on the Sigourney property at Bushkill Farms.

Mr. and Mrs. George F. Beggs of Boiceville entertained a party of relatives from Kingston on Friday evening.

Dorville Boice of Tongore was a business caller on Friday afternoon at West Shokan Heights.

The Farm and Home Bureau session held at the I. O. O. F. Hall at Tongore on Saturday was largely attended and greatly enjoyed by all. Much credit is due Leroy Davis, the chairman, and all who helped in making the arrangements for the gathering.

The school children enjoyed the holiday on Friday, the schools being closed in honor of Washington's Birthday.

George F. Beggs, the general insurance agent, was a local caller on Saturday.

Mr. and Mrs. E. C. Burgher were Kingston visitors on Friday evening.

A number of local Odd Fellows attended the lodge session on Saturday night at Tongore.

The county tractor plow did good work in clearing the snow from the boulevard.

Joe Steinlauf, accompanied by Marshall Roosa was a Saturday caller at West Shokan Heights.

DeWitt Eckert is hauling oak logs to the saw mill for Egbert Boice.

Due to the snow storm Mrs. Arthur Snyder encountered considerable difficulty in meeting parties on the 10 o'clock West Shore train at Kingston on Thursday evening.

A rather amusing incident occurred recently when a lady automobilist stopped at a neighboring garage, sounded her horn, and when the attendant appeared she asked for a box of monkey glands. She was diplomatically informed that he was sorry but the concern did not handle that commodity. Said attendant noted the seemingly puzzled expression which appeared upon the fair lady's countenance. He was then asked, "Could you please tell me where I might be able to buy them?" to which he replied "I'm not sure, but you might try at a drug store." At this instant the eyes of the attendant noted that several links of the tire chain on that side of the car were broken, and a happy thought dawned upon him, as pointing to the chain he very pleasantly said, "Pardon me, lady, but you didn't mean monkey links?" The quick reply was, "Why that's just what I want! Didn't I say monkey links?"

Mr. and Mrs. Floyd Merrihew of Ashokan accompanied by their daughter, Joyce, were Saturday callers at the home of Mr. and Mrs. Charles Hesley at Fair View Farm.

The usual services on Sunday afternoon were held at the Baptist Church and were well attended. Pastor Ahrens as usual delivered an excellent sermon although having been ill all the week and scarcely able to make the fifty-three mile drive from Walden.

E. C. Davis was a Saturday night visited with friends in Walden, and while there called on Arthur Fiero, a farmer resident of Tongore, and well known in local fraternal circles.

## ST. REMY.

St. Remy, Feb. 25.—Sunday services March 3: Sunday school, 1:30; preaching service by the Rev. Phillip Goertz, 2:30 p. m. Everyone is invited to these services.

There was no school on Washington's Birthday.

The Twele family has moved to New York. All miss them as neighbors and the children were regular attendants in Sunday school.

Mr. and Mrs. Sam Carman of Brooklyn are guests of Mrs. Mary F. Haines.

The young people gave Catherine Frost a birthday surprise on Friday night.

Mr. and Mrs. G. Dunn returned to their home in New York city on Sunday.

### Ideal Railroad Ties

Species of the quebracho tree are used for railroad ties in South America. The name may be translated as "ax breaker," and the hardness of the wood makes it ideal for railroad ties.

## "Take the Afternoon Off —I'll Watch the Oven"

"What delicious surprise are you planning for your family for dinner this evening? A fluffy new cake? A new kind of pie? An unusual pudding? All right—just stir up the ingredients, put them in the oven, and go where you please. I'll watch the baking. And the heat won't vary one whit while you're gone." So says this helpful little elf of the modern gas range, Oven Heat Control.

*See our new* **Gas Ranges** *with Oven Heat Regulators*

Oven Heat Control has given women more freedom than any other modern appliance. Think of it! Afternoons off to shop, to visit, to do what you will. And the baking goes on as if you were still in the kitchen!

## PORT EWEN

A card party will be held Wednesday evening, February 27, at Neher's Inn on Broadway. Prizes for the benefit of the Port Ewen Library. The public is invited.

The Woman's Christian Temperance Union will meet Thursday at the home of Mrs. Edward H. Bishop on Broadway. A pot luck dinner will be served at noon. The meeting will open at 2:30 o'clock.

Prayer service Thursday evening at 7:30 o'clock in the Methodist Chapel. The Rev. Frederick Baker, pastor, will be in charge.

The entertainment committee in charge of the Epworth League birthday social that was held at the home of Mrs. John Lynn on Hamilton street last week, wishes to thank all those who so generously contributed and helped make the affair such a success. If there are any who have not handed in their amount they can do so.

Damon Council, Knights of Pythias, and Hope Temple, will hold their annual fair in Pythian Hall March 5, 6, 7, and 8. There will be a fancy article booth in charge of Miss Clara Moore and Mrs. Drusilla Harris; mystery booth in charge of Miss Bertha Spinnenweber and Miss Emma Munson; candy booth in charge of Miss Grace Zimmerman, Mrs. Bertha Ellsworth and Mrs. Lillian Mable and the country store in charge of Lester O. Ferguson. An entertainment will be given each evening with the exception of Friday evening. Dancing every night. Delicious eats will be on sale in the dancing room. Soft drinks and cigars on sale. This fair is looked forward to each year with pleasure by its many patrons from this place and out of town. This year the fair promises to be better than ever and those interested in these two wonderful organizations will do all in their power to make it a success. Maisenhelder's orchestra of Kingston will play for dancing.

The Junior Epworth League will given an entertainment in the church hall Wednesday evening, February 27. A free-will offering will be taken. This is the first entertainment to be given entirely by members of the Junior League. They are working hard to make it a success. All are asked to encourage them by a good attendance and a generous offering. Ice cream will be sold at the close of the entertainment. Program:

## RIFTON.

Rifton, Feb. 25.—Mrs. Groth has made wonderful new improvements on the New Raynor House which she has purchased.

Jud Eckert and son have joined Mr. Brown at Connecticut in the building of many houses.

P. Jacoby is in the City of Kingston Hospital. All hope for his speedy recovery.

Mr. Knodle is home from the City of Kingston Hospital.

W. Walker gave his team exercise by towing a car to Kidd's Garage.

Mr. Wurth purchased a Chevrolet car.

The Jolly Eight Pinochle Club celebrated Washington's Birthday at the home of W. Walker. After a few games of cards a repast was served. All then gathered around the piano where Mrs. Phillips, a guest from Brooklyn, rendered a solo and that started a singing match. All the old time songs were sung as well as the latest. Someone suggested an old time square dance. This sure had the folks puffing. Dancing continued until the wee hours of the morning. The guests were H. Ashcroft, Mr. and Mrs. S. Phillips and family of Brooklyn, Mrs. M. Jacob and daughter of Elmont, L. I. and of course the well known "Eight" and their families.

## ALLIGERVILLE.

Alligerville, Feb. 25.—Thomas Hunter of the New Brunswick Seminary filled the pulpit of the Reformed Church Sunday afternoon. He and James Young were entertained at dinner at the home of Mr. and Mrs. Joseph Evans.

Mary R. Garrison of Long Island City spent the week end at home.

The members of the Ladies' Aid are anticipating a very pleasant day, Wednesday, March 6, when they will visit Mrs. Hiram Silkworth in Kyserike. This will be all-day meeting and the ladies will attend prepared to quilt or sew on another quilt, which will be quilted at a future date.

Dr. V. B. DeWitt of Brooklyn spent a part of last week with his parents in this place.

Charles Forbes of Kingston spent the week end with his mother, Mrs. Julia Forbes.

### Lens Found in Nineveh

The oldest magnifying glass known in the world was discovered in the ruins of Nineveh. Its magnifying power must have been noticed, but it was probably used not as a microscope, but as a burning-glass. The lens as an aid to vision dates only from the Middle ages.

## HUNT FOR EARLY AMERICAN LIFE

**Prehistoric Man May Have Lived in This Country.**

Denver, Colo.—Scientists are digging into the earth in many sections of the western plains country, seeking more light on fairly well established contentions that prehistoric man existed in America millions of years ago.

The work being done contradicts to a great extent the common belief that the life of man in America did not approach the antiquity found in Europe.

Harold J. Cook, honorary curator of paleontology at the Colorado museum of natural history, gave a synopsis of recent scientific achievements in this region when he addressed the Colorado-Wyoming academy of sciences at Denver university.

"During the Pleistocene age we have ample evidence that various races of bison invaded America from Asia," he said. "In fact, Asia is now generally admitted to have been the center of development and dispersal of mammalian life throughout tertiary times.

"Now, with all these things in mind, is it not logical to believe that early man, developing under such conditions, could migrate into America quite as well as the game he hunted, at any time they could get there?"

Following out this line of thought, Doctor Cook told of recent discoveries tending to substantiate the theory. At the town of Colorado, in southwest Texas, were found skeletons of a new type of extinct, flat horned bison, and remains of two races of elephant, a large camel, various extinct horses and other typically Pleistocene mammals."

"In taking out an articulated skeleton of one of these flat horned bison," Cook said, "representatives of the Colorado museum found three arrow heads definitely associated in the matrix with it and under conditions that preclude the possibility of error. They were undoubtedly shot into that very buffalo."

At about the same time fossil remains of a large extinct bison were found near Folsom, N. M.

"The American museum, New York, was invited to participate in the work this last summer," said Cook, "and did so. Here, associated with the bison, sixteen flint points were found of an absolutely new type and of the finest grade of workmanship known in flaked stone.

"Fortunately, four of these were exposed undisturbed in position where found during the course of these excavations. There is no question of definite association here of these flint points with a race of extinct bison."

### Island of Heligoland Slowly Crumbling Away

Heligoland.—This little German island, English North sea outpost until 1890, has lost 13,000 square meters swallowed up by mountainous waves when recent fierce gales caused havoc along the west European coast as far as Norway.

The damage done here and to the neighboring East Frisian island chain has led the Prussian survey department to appoint a commission to make a scientific study of the whole coast line to ascertain if there is any dangerous acceleration in the gradual subsidence of the German North sea shores.

It is known that the whole coast is sinking, but only at the rate of about ten inches in the last 100 years. Coming investigations are expected to show whether the sinking process calls for extra precautions.

**Language of Jesus**

It is probable that the native language of Jesus was the Galilean dialect of the Aramaic tongue. Aramaic was often popularly confused with Hebrew, but its actual relation to Hebrew was somewhat similar to the relation of Yiddish to Hebrew at the present time.

## Heiress Elopes With Cowboy

Phoenix, Ariz., Feb. 26 (AP).—The much used plot of fiction writers in which the pretty heiress from the effete east finally elopes with a dashing cowboy, defying conventions and parental wrath, developed into a reality here today with Miss Katherine Thorne of Chicago and George Gillespie of Castle Hot Springs, Ariz., in the leading roles.

Miss Thorne, daughter of Gordon Thorne, former president of Montgomery Ward and Company, and Gillespie, who went in for cowboy life in Arizona two years ago after graduating from the University of Tennessee, were married here Sunday night after a breath-taking ride from Castle Hot Springs, where the Thornes are wintering.

Officers had been put on the trail of the two, who had known each other only three weeks. The attempt to stop the elopement had been made by Mr. and Mrs. Thorne, who said Katherine was only 17 years old. They requested that Gillespie be arrested on a charge of kidnapping.

The elopers dodged the officers successfully. Yesterday they interrupted their honeymoon long enough for the bride to inform newspapermen that she was of age. Her age was given as 21 on the license. No warrant for Gillespie was issued.

Mr. and Mrs. Gillespie resumed their honeymooning today and their whereabouts could not be determined.

The cause of the parental wrath was said to have been that Miss Thorne was engaged to marry Clymer S. Bowen of Chicago. The engagement was announced in Chicago last month, shortly before the family left for Arizona.

## Florida Woman Dead at 119 Years

Sanford, Fla. Feb. 26 (AP).—The death certificate of Mrs. Viney Oglesby, who died here yesterday, gave her age as 119. Relatives said they did not know the exact age of the woman, but that she was more than 112 years old. Her death was due to influenza.

# Chest Clinics In Ulster County

The importance of the early diagnosis of tuberculosis was stressed during 1928 in a nation wide campaign. Campaigns are necessary to stimulate interest in a subject, but sustained effort is essential if the greatest good is to be obtained. It is evident that this community, to a certain extent at least, recognizes responsibility and is still interested in this important subject.

In this connection Miss Lillian B. Hagelweide, Ulster county tuberculosis nurse, is cooperating with the local health officer and community nurse in endeavoring to schedule four consultation clinics for diseases of the lungs. If present plans materialize these clinics will be held at convenient places in the county.

The State Department of Health has expressed a willingness to cooperate to the extent of furnishing the services of two expert examiners and and X-ray outfit with operator, if dates do not conflict with those of other counties.

When arrangements are completed, newspaper notices giving dates, places and hours of the clinics will be printed, and physicians in the localities covered will be given admission cards for patients they may wish to refer. They will also be provided with additional information which will be of help in advising their patients about attending the clinics.

The P.-T. A. will hold a card party on Wednesday evening, March 13, at 8 o'clock. This party will be held in St. Mary's Hall. Refreshments will be served.

Mrs. Frank Baker, who was confined with a cold, is able to be out again.

Over 200 persons were served at the annual turkey dinner sponsored by the members of the Methodist Church of Marlborough Wednesday night. The dinner was one of the most successful events of the season and resulted in a good sum netted for the church. There was turkey and all its trimmings served to 129 at the first table; 71 at the second and the 19 helpers who got up and served the dinner, dined at the third. Considering the fact that the dinner was held in the midst of Lent, which kept many away who would otherwise attend, the response was very good. A number of tickets were sold that were not used. Gross receipts from ticket sales amounted to over $300, but not until a meeting of the committee is held will it be known how much will be cleared. The committee in charge of the sale of tickets was composed of Fred Dunn, Will and Charles Brown, Stephen Hines, Henry Bartsch, Charles Lester, John Simpson and Mrs. Andrew Knapp. Will Brown was chairman for the supper committee and took charge of the affair. He engaged caterers from Newburgh to prepare the dinner, which was served by a committee of 11 men of the church, headed by Henry Bartsch. The serving was excellent according to the guests. Dinner music was furished by the Melody Makers. The church lecture room, where the dinner was held, was attractively decorated for the occasion. The tables had little groups of American flags and red candles, and other flags were draped over the walls. The committee of decoration was headed by Miss Nellie Greaves, assisted by Mrs. Andrew Knapp, Mrs. Ray Schoonmaker, Mrs. Clara Seldin, Miss Imogene Palmer, Mrs. John Baxter and Mrs. William Kaufman. Those serving as waiters at the tables included Henry Bartsch, Stephen Hines, Calvin Staples, Jr., William Kaufman, Homer Clock, Ray Schoonmaker, Harold and Frank Berean, Will Mastin, John Baxter and Charles Lester.

Mr. and Mrs. William Rosecrans of Albany spent the week at the home of their daughter, Mrs. John Palmer.

Mrs. Ed Barnes entertained a number of friends at cards Wednesday afternoon.

Mrs. Howard Baker, Mrs. J. J. Ennist, Mrs. Frank Baker and Mrs. Will Clark attended the Garden Club card party in Newburgh Monday afternoon.

Charles Grametta visited his son, William, at Fordham University last week. William returned with him to spend the week end here.

## BLOOMINGTON.

"9 to 3...9 to 3....five days a week!

*Mrs. Stone is wearing her smart Cantilever black oxfords*

*"Mother always is so full of life"*

"I am a mother of five children—all of them girls. Five girls—two in high school, three in grammar school. There are a million things I have to do every day!

"Ever since Mary, my first child, was born, I have been wearing Cantilever Shoes. I don't believe I could do my work without them.

"Just the other day I overheard Patty say 'Mother always is so full of life.'

"Because I find Cantilever Shoes so comfortable and good for my feet, the children, too, are wearing them. And—to be sure—they are very proud of their wonderful shoes."

Mrs. M. Burns

*I just* HAD *to have comfortable shoes"*

"FIVE years ago, filled with enthusiasm and a will to work, I began my public school teaching. I stood up most of the time during school hours. I worked hard and, believe me, teaching a class of 40 children *is* hard work.

"After a few months I was completely tired out. I used to just crawl home after school. At night I didn't want to do anything but sit, just sit with my shoes off. Even the children sensed my weariness. I was on the road to becoming just another grouchy old schoolmarm.

"I realized my shoes were wrong. At a Teachers' Meeting another teacher happened to praise Cantilever Shoes. The next Saturday I went down town and got fitted in a pair of brown Oxfords. Honestly, it's hardly believable how shoes can influence one's life. From that first pair of Cantilevers on I have been a happier and a better-shod young lady, and—I am sure—a better school teacher.

"Cantilever Shoes seem to hug my foot like a fine silk stocking. They are so marvelously flexible. Now I don't mind standing at all. Now I really enjoy walking. For comfort and good looks my Cantilever Shoes get an A+ every term."

Miss Beatrice Stone

Of course Cantilevers are comfortable! But do you know how good-looking and smart they are—particularly the new styles?

May we show these new beautiful styles to you?

When you come to us you can be sure of unhurried, honest, scientific fitting. You can be sure of getting a shoe that is at once comfortable and beautiful. . . .

*83 Times a Housekeeper!*

"I have been in business since 1905, and I have always occupied myself with strenuous, fatiguing tasks. I have managed a millinery shop, a cafeteria and now I am managing an apartment hotel with 83 apartments. At first, this was the hardest job of all. Often I had to stay up until after midnight, being everywhere at once, making sure things were going right.

"I really can't tell you what a wonderful help Cantilever Shoes are to me. Complete comfort—comfort through long hours of walking, standing and running up and down stairs—I have found it only in Cantilevers."

Miss Anna C. Peetsel

*Among the enthusiastic Cantilever wearers in this community are*

Mrs. M. F. Maynard, Mrs. Duval Dreher, Mrs. F. Ostrander, Miss O. Schoonmaker, Mrs. Susie Tyson, Miss Grace Rust

*After the most critical comparisons at the Automobile Shows, Oldsmobile now stands more than ever . . .*

IN THE SPOTLIGHT OF PUBLIC FAVOR

*With New Lower Prices*

Again the spotlight of public favor singled out Oldsmobile at the great national automobile shows—

—not because of any radical changes in the 1929 Oldsmobile, but for a more vital and fundamental reason—

—because critical comparison with other cars in its field reveals an overwhelming margin of value in favor of Oldsmobile.

Not only have desirable improvements been added, but its *price has been reduced!*

Already representative of the most progressive engineering, Oldsmobile's big high-compression engine now develops 62 horsepower. Piston-pins are now pressure-lubricated—an engineering feature heretofore characteristic of high-priced cars.

Already distinctive in appearance, its smartness has been enhanced by new headlamps on chromium-plated mountings—by a new cadet-type visor—and by new, sparkling color combinations.

And even greater luxury is revealed inside the car—by deeper, softer seat-cushions—by new, more costly upholsteries—and by the wonderful new Fisher adjustable front seat that may be instantly regulated to suit the driver's convenience.

See and drive this finer Oldsmobile—and you'll immediately recognize why it is more than ever in the spotlight of public favor.

## OPERATION ON BRAIN SETS THIEF ON STRAIGHT ROAD

**"Tough Customer" of 20 Years Is Made Honest Again by Use of Knife.**

Indianapolis, Ind.—Science has been successful in at least one attempt to substitute the surgeon's knife for prison walls as a cure for criminal tendencies.

Emmett Brownlee, twenty years old, of this city, who one year ago was a "tough customer," has been led back into the ways of rectitude by an operation that lifted pressure from his brain. The state of Indiana has given official recognition to the success of the operation through a full pardon issued to Brownlee by the governor.

A year ago Brownlee faced a long term in the reformatory because of numerous thefts. Discovering that the boy had been injured in an automobile accident several years ago, his attorney won a temporary parole so that Brownlee could enter a private hospital for an operation.

"It's hard to explain the change," the youth said after recovering from the operation. "After the automobile accident which put that dent in my head I just didn't seem to be able to distinguish right from wrong. They were just words. I was always discouraged, hated everybody, and somehow got the idea that anything I could take was mine. It seemed perfectly natural to steal. I must have been a real tough customer.

"Then, after the operation, things seemed to switch back the way they were when I was a kid. I realized what a fool I had been and started to make up good all the troubles my folks had been put to in the past years."

## Belgium Maintains Highway to Romance

Arlon, Belgium.—An ancient Belgium custom which gives aid to lovers is still maintained here, in the province of Luxemburg.

Twice each year Arlon celebrates "The Lovers' Fair." The first fair is held on St. Nicholas day; the second, not long afterward, on the Thursday following the New Year.

At St. Nicholas, the young farmer who is looking for a wife visits the fair. Blooming girls from remote villages and hamlets, of the Ardennes highlands who are looking for husbands also attend the celebration in large numbers. There are many means of making them acquainted.

When the young man has discovered the girl who he believes will fulfill his dreams, he first gives her candy. If she takes kindly to this token of affection, he treats her next with beer and sausages.

At the post New Year fair, the young pair by custom make final settlement of the plans suggested at the former meeting and they become definitely engaged. It is customary for the wedding to take place within the next few weeks.

## Flood Control to Cost $30,000,000 This Year

Washington.—Preparation of programs for Mississippi river flood control work for the year beginning July 1, is announced by the flood control board to have been formulated upon the basis of an expenditure of $30,000,000 as provided in the War department appropriation bill.

Acquirement of necessary rights of way for floodways and spillways is being planned so that the work may be pushed. Condemnation proceedings are being started for the levees and spillways near New Orleans and for the levee on the west side of the floodway opposite Cairo, Ill. The board expects these rights of way to be obtained at an early date and that actual work on these spillways and floodways will start promptly.

## Pope Sponsors Trip of Congo Explorers

Antwerp, Belgium.—A scientific expedition, headed by Father Schebesta, a Catholic priest, has started for the wilds of the Belgian Congo.

The Ituri and Tchuapa districts of the Congo are inhabited by the remnants of a race of pygmies believed to be descendants of dwarfed peoples who lived in ancient Ethiopia and the sources of the Nile. The present expedition will make a special study of these tribes.

The pope has taken considerable interest in Father Schebesta's ethnological work in connection with Malayan tribes, and has encouraged the present mission by a personal subsidy.

## New Tree Average Up to 10,000 Daily

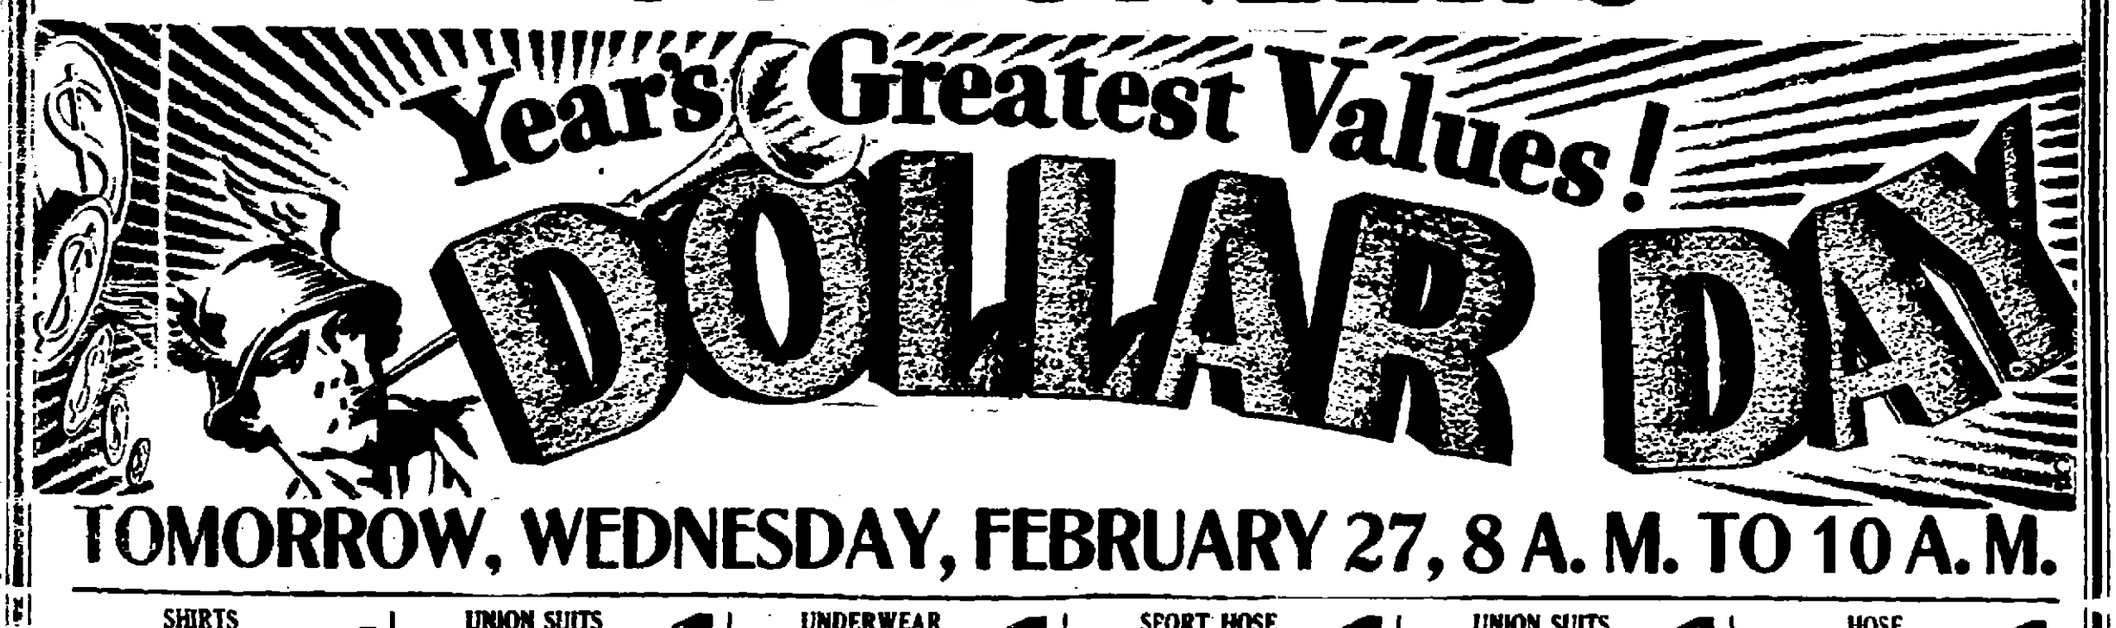

Winnipeg, Man.—Ten thousand trees a day have been planted by farmers in the "bald-headed" prairie belt of western Canada in the last 27 years, government figures show. They include maple, ash, caragana, poplar, willow, white spruce, jack pine and Scotch pine.

Literally, since 1901 a forest of 195,000,000 has been distributed free by the Canadian government over the once treeless farms of Manitoba, Saskatchewan and Alberta.

It is estimated that a shelter belt of trees on a prairie farm adds an average of $1,000 to the value of the land by protecting crops, sheltering stock and supplying fuel.

## Robbed of $18,350 Jewels in Street

Chicago, Feb. 26 (AP).—Mrs. Laura Price had not worn her jewels this winter, fearing theft. Yesterday she decided to take a chance. And she was robbed.

She had stopped to consult her modiste and was about to re-enter her car when a man with a pistol snatched the two strands of pearls from her neck, a diamond bracelet from her wrist and three diamond rings from her finger, yanked the mink coat from her back and drove away.

Her husband said the gems and coat could not be duplicated for less than $18,350.

MILTON.

Milton, Feb. 25.—Services are being held in St. James Church Friday evenings during the Lenten season. Father Burke of Kingston was the speaker at the Friday evening service last week. An exchange of pulpits has been planned for each Friday evening.

A son was born to Dr. and Mrs. William Gervais last Tuesday evening.

James Clark spent the holiday at the home of Mrs. George Peck at Newburgh.

Miss Lucetta Fraleigh has been assisting Thomas Conroy in taking an inventory at the Milton drug store.

Mr. and Mrs. D. M. Warren spent the holiday and week end in New York city.

Mr. and Mrs. Robert Breneau of New York were week-end guests of Mrs. Alice Crowell and Mrs. Grace Hewitt.

Harry Lawton, who has been confined to his home with an infected arm, is much better and will soon be able to return to his work in Phillip Lyon's greenhouses, where he has been employed for several years.

Miss Julia Conroy spent Washington's birthday at the home of her parents on the Milton Turnpike.

Through the work of the county scrapers and local volunteers the roads in this community are in good traveling condition. The snow storms of the past week have kept residents busy shoveling.

Thomas McDonald of Poughkeepsie spent the week end at the home of William Spratt.

Special Lenten services will be held at All Saints' Church in Milton and Christ's Church at Marlborough. The Rev. Leighton Williams of the Marlborough Church will have charge of the services.

Hugh V. Briscoe, Francis Kaley and David W. Woolsey have been appointed Notaries Public for this village by Secretary of State Edward J. Flyn.

At the recent meeting of the Milton Grange Percy V. Bunker, Mrs. Russell Martin and C. R. Taber were appointed delegates to the Pomona Grange to be held at Plattekill, March 1.

James Scott, local artist, has been exhibiting a large number of his recent paintings at the home of John M. Curtis, Summit, New Jersey. Several of these paintings are views around Milton. Mr. Scott is considered one of the rising artists of the day. His exhibit is attracting considerable attention.

A group of young people from Brooklyn and vicinity spent the week end at Milton and attended the service at the Friends Church last Sunday.

Throughout the storms last week the Diamond D bus lines made all their regular trips. The busses plowed through the snow with very little trouble. The various services from Marlborough to Newburgh, Roseton and Highland and from New Paltz and Kingston to Highland were supplied as usual.

McGowan Brothers of Marlborough have made their third shipment of Commerce apples which are similar to the Ben Davis apples. About 150 barrels were purchased from Sarah Lefevre of New Paltz, who has extensive orchards at Modena. The shipments were made to Antwerp, Belgium last Thursday on the Red Star Lines Steamer Nessian.

William Lais attended the annual dinner of the Highland Hose Company last Wednesday evening.

Members of the Friends Church attended the monthly meeting at Clintondale on Saturday.

SAMSONVILLE.

Samsonville, Feb. 25.—Mrs. Hannah Feltman of Palentown, who has been seriously ill of the flu, is a little better at present. Her many friends hope for a speedy recovery.

Sympathy is extended to Mr. and Mrs. Fred DeWitt of Sleightsburgh in the loss of their baby.

The young people of this place are enjoying the beautiful moonlight evenings in coasting down hill.

Mrs. D. C. Van Etten, who has been ill for two weeks, has been a little better for the past two days.

Mrs. I. Barringer and E. M. Davis called at the Beesmer home one afternoon last week.

D. C. Van Etten went to Kingston on Sunday, where he has employment.

### ZIONISTS SPEND MILLION TO AID PALESTINE FARMS

Jerusalem, (AP)—Almost $1,000,000 was spent last year on the agricultural development of Jewish possessions in Palestine by the agricultural department of the Palestine Zionist Executive. The amount included the support of all phases of colonization activities, including building and irrigation works.

Tents and barracks practically have been replaced by permanent structures of concrete, and all new plans of the settlement present an altogether changed appearance.

A crop failure during the year in the Jordan valley and the Valley of Jezreel are held responsible for the slow progress in a number of the settlements which necessitated relief to the stricken areas. Marketing is one of the chief problems of Palestine.

# "My Thirty Years at Sea"

## by CAPTAIN GEORGE FRIED

**Fate arranged an enlistment for Spanish-American Army service, and after that a return home to earn more money, before Fried finally joined the Navy and was assigned to ship. His fists struck early, and savagely. He tells this story of his first experience as a sailor.**

By CAPT. GEORGE FRIED

[Copyright, 1929, Associated Press]

CHAPTER II.

Johnny Fischer, my pal, and I were in New York for a while digging trenches for a street car company which was electrifying its system, eliminating the horse car. In our spare time we were always along the waterfront and once or twice were privileged to go aboard sailing ships to make a very careful inspection. This only made my yearning for the sea greater.

One day we ventured aboard a passenger ship. With muddy shoes we walked through the dining saloon just after white canvas runners had been laid. We had only gone a short distance when the mate shouted at us. We ran, and he followed us. We dashed through companionways, up and down stairways and ladders and finally located the gangplank, which we crossed, just out of the reach of the mate. We concluded then and there that we had better remain away from ships for a while.

The Spanish-American war began about this time. We started for home, having developed muscularly in the great city. Fellows were enlisting. Here was an opportunity, I thought, to get out into the world, and I enlisted in the Second Artillery, Company M, at Winthrop, Mass. The artillery was not desired for some reason or other, and the result was that we became an infantry regiment." However, we saw no service and returned to New York the early summer of 1899.

To Havana and return was my first experience at sea. The days and nights on shipboard did not seem long enough, and while I was in Cuba I always longed for the time I would get back aboard a transport. Having had my first experience with Father Neptune, I wanted to get back to the sea, but when I returned home I found, for financial reasons, that I had to go to work once again to get funds to resume my travels. Eight months later I started again with a companion for New York to enlist in the Navy. I had decided that it must be the Navy.

Much to my regret my new pal failed to pass the physical examination, and he returned to Worcester, while I was assigned to the Hartford, Farragut's old flagship, which was then in Venezuelan waters. I took passage on the old Buffalo and had my first real encounter with Neptune's wrath. For a day or so I was not quite sure that I used good judgment in enlisting in the Navy, but the weather cleared and the seas moderated, and I could once again enjoy life on the bounding main.

In 1900, I started my real service with the Navy when I began swabbing decks, learning seamanship and gunnery and various other drills. Being a full fledged sailor with a gob's uniform, the same one which had previously inspired me, I had plenty of confidence, and naturally it wasn't long before I had my first fight.

"..He called me a 'rookie,' an insult I challenged with fists.."

One day while aboard the Buffalo I was bathing myself in a tub of water on the deck when another sailor passed and called me a rookie. That was an insult. All the boys watched and enjoyed the bout. I was victorious, fortunately, and afterward learned that this fellow had only enlisted two weeks prior to my entering the Navy.

When we joined the Hartford we began to appreciate the lot of a sailor working under the most trying circumstances. In tropical waters the heat was intense, and only once in a while were we cooled by an occasional rain storm. Climbing up and down the rigging caused the skin on our feet to blister, for we were, after all, still rookies.

Returning to the deck made matters worse, for the heat caused the tar between boards to become soft and sticky, so that wherever we walked we suffered intense pain, as it was absolutely impossible to keep the tar from getting into the open wounds. Many of the fellows were laid up days at a time before their feet healed.

For three or four months the Hartford, which I had learned to love and consider as my own ship, remained in the tropics. We lived on salt horse, hard tack and corned beef hash, a menu that was varied only on Sundays by the addition of plum duff.

Plum duff is sort of plum pudding and is highly prized by the sailor, or was in those days. I remember the old rule, "You must never steal a shipmate's plum duff in a squall." That would start many a fight. A man found guilty of taking his shipmate's most coveted tid-bit was ostracized socially, but it often happened, as you can well imagine. Not for long, though. I always found that the fellows in the Navy never held grudges very long. They were always ready to forgive their shipmates and would always uphold each other, right or wrong, in arguments or fights against outsiders.

I was on the Hartford five years, and you can readily understand that it meant home for me. On that ship I had all the experience that prepared me for my later years at sea. I actually started to sea the early part of 1900 and the Hartford was my first school.

On that ship I was a handeman, then, by study and hard work, became an ordinary seaman, later a coxswain, then quartermaster and finally chief quartermaster. In five years I progressed more than I could have dreamed of before when I played on North Pond lake back home, for the reason that a sailor with that gob's wide trousers and flat hat was what I hoped to be.

I had no idea of the snappy uniform of the chief quartermaster those days. An admiral's uniform would mean nothing to me after I received that commission, but I decided to continue up the ladder.

(Tomorrow: My First Big Storm.)

# Queen Mary Buys Detective Stories

London, Feb. 26 (AP).—Purchase of six detective "thrillers" by Queen Mary in a five and ten-cent store at Bognor yesterday has given rise to speculation as to whether King George does not intend some light reading during his convalescence.

The Queen, to general astonishment, appeared in the store, and after inquiry as to whether the goods were British made, bought a number of articles and then went to the book counters.

There she purchased Edgar Wallace's six penny "Room 13", "The Flying 55", "The Missing Million", "Captain of Souls", "A King by Night", and "The Man from Orocco". She also bought Edith M. Dell's "The Hundredth Chance".

### ACTIVITIES AT ROND OUT PRESBYTERIAN CHURCH

There will be a joint meeting of the trustees and elders of the Rondout Presbyterian Church this evening, preparatory to the annual Every Member canvass of the church which will be held on Sunday, March 10.

The weekly church family supper and study hour will be held Thursday evening in the chapel with supper being served at 6 o'clock in charge of a committee headed by Mrs. Scott and Mrs. Beeres. The study hour will be held after the supper. The ladies of the church will meet that afternoon in the chapel to roll bandages.

The congregation of the church will unite in a union Good Friday afternoon service to be held in the Lutheran Church of the Redeemer. The services will begin at 1:15 o'clock. Seven pastors of the downtown churches and Port Ewen will have part in the service, which will conclude with the cantata, "The Crucifixion".

### 40 AND 8 ELECTED OFFICERS ON WEDNESDAY

A promenade and the election of officers for Locale 318, La Societe La 40 Hommes et 8 Chevaux of Ulster County was held in Lamouree-Hackett Post, No. 72, American Legion rooms in Saugerties Wednesday evening, February 20. The following officers for the ensuing year were elected:

Chef de Gare, Albert L. Peters, Saugerties; Chef de Train, Harry Whitney, Kingston; Correspondent, Carl Yetzer, Saugerties; Commissaire Intendant, A. J. Murphy, Jr., Kingston; Garde la Porte, Jerry Martin, Kingston; Garde la Chapeaux, Kenneth Lantry, Kingston; Conducteur, Burton Castle, Kingston; Lampiste, Charles Dixon, Kingston; Cheminots, Raymond Woodard, Earl Haley, Herman I. DuBois, all of Kingston; Commis Vayaguer, George Davis, Kingston.

The next promenade will be held in Kingston on April 3.

# Boy Kills Father After Beating

Chicago, Feb. 26 (AP).—Philip N. Coletti spanked his 12-year-old son, Charles, last night, beat him, choked him and then started after him with a knife. The boy shot him dead.

Charles was held by juvenile authorities today, but the stories of his mother and an older brother who witnessed the shooting led police to believe it was in self-defense.

Witnesses said the father, who had been drinking, punished Charles for coming home late, and that the boy ran to his father's room, snatched up a revolver, and fired four shots after Coletti, senior, had raised a knife against him.

### Safe Delivery

A Melbourne man recently telegraphed from Sydney that he was about to leave by train for home. The message put up a stiff contest, and had the passenger walked from Spencer street would undoubtedly have won the race.

He took a taxi (in my opinion, an unfair advantage) and beat the wire home by a clear ten minutes. He was explaining to his wife that the telegram should have reached her the previous evening when his small daughter spoke up: "Daddy should have brought his telegram with him . . . those silly people might have lost it."—Sydney Bulletin.

### Chinese Superstition

There are towers in Shanghai where men watch for fires. When one is discovered the fire-bell is rung. When the old custom house was built a large clock was placed in its tower. For some weeks after this clock began to strike the hours there were very few if any fires.

The Chinese said it was because the fire-god thought that every time the clock struck there was a fire announced, so he could rest without helping. All these things seem ridiculous to us but are very real to the Chinese.

### New York's Early Days

An article published in the Christian Advocate says: "At the beginning of the Nineteenth century the 'commercial metropolis of the United States' occupied only the lower end of Manhattan Island, what is now 'up town' being still made up of spacious farms and country estates, including the little village of Harlem. The actual measurements of the city proper are given as three miles in length (from the Battery to Fourteenth street), one and a half miles in width and eight miles in circumference."

### Man and Fish

A fish's fear of man is born, a Carnegie Institute's bulletin suggests, by the fact that he approaches from above, a direction from which the fish has learned to expect attack by birds or other enemies. When a man walks on the ocean floor in diver's dress, fish large and small display the greatest curiosity. Even the fierce barracuda, after nosing the diver in friendly and inquisitive fashion, must be pushed out of the way and goes without showing undue resentment.—San Francisco Chronicle.

### London's Wall Street

Lombard street, the principal bank quarter of London, takes its name from the Lombards, Italian goldsmiths and money lenders who settled there in the Twelfth century. At that time they were commonly called "longbeards" and the thoroughfare was called Longbord and Longebred. A century later it was called Langebourne—meaning "long brook"—and this title is still maintained for the place where it was situated.

### Breathless

The teacher was telling a story to the kindergarten and interest was intense.

"So that night the wicked red fox came and stole a chicken. The next night he came and stole another chicken. And the next night he came and stole another chicken. And"—dramatic pause—"what do you suppose happened the next night?"

"Oh, teacher!" panted Peter. "Did he git another chicken?"

## LOCAL ELKS TO HOLD ST. PATRICK'S DANCE.

Kingston Lodge of Elks, No. 550, will hold a St. Patrick's dance and cabaret on Friday evening, March 15, the date being selected because March 17, this year, being St. Patrick's Day, falls on Sunday. The dance will be for members and their invited guests and reservations for tables must be made in advance. The house committee of the lodge will endeavor to excel the one held last year at the Elks' Club, which was a most decided success and was very largely attended. The assembly hall will be set in New York club style and the ceilings and side walls decorated and festooned in green, while there will be green paper hats and horns for the patrons. A New York club orchestra will furnish music and entertainment be given by men and women from the New York revues.

### Vaccination Day in China.

Nanking, China, Feb. 26 (AP).—Widespread occurrence of smallpox has led to government designation of March 1 as "National Vaccination Day." Everyone is urged to be vaccinated.

# Mysteries Keep Alive Interest In Miami Bout

Miami Beach, Fla., Feb. 26 (AP).—The melodrama of Miami Beach, that strange and mystifying fistic affair left upon the sand dunes here by Tex Rickard, is moving toward its climax in a series of episodes that need only a little soft music, the strumming of a few guitars, to make the picture complete.

It is strange, yet also true, in its tropically colorful background and in its astonishing assurance of financial success; but still mystifying, in so far as who shot at Jack Dempsey yesterday just before the dawn and what will happen in the ring when W. L. (Young) Stribling, the heavyweight pride of the south, and Jack Sharkey, the Boston sailor, fight in a ten-round match to a referee's decision at Flamingo Park tomorrow night.

No heavyweight "elimination" ever has had so fantastic a setting or a succession of such preliminary events as this. Not even Tex Rickard, were he alive to see his boom venture near completion, would recognize the almost finished product of promotion and ballyhoo. Tex never would have "See'd anything like it."

It was the day before the actual hostilities begin beneath the palm trees, the calcium lights and, possibly, the moon, but the boys still are walking around, arguing, and trying to find out what it is all about, and why?

There is a whole nest of mysteries to keep up the old college spirit—whether one wants to know who shot at Dempsey, and why—or what significance, if any, may be attached to the acknowledged rib injury to Young Stribling in a training mishap just a week before the fight.

### Some More Questions

How, to ask a few more questions, has it been possible to rescue an apparent financial flop and make it now a certain moneymaker, with a profit of $50,000 to $100,000 assured; why has so much steam been aroused over a bout between rivals who have had several chances before to establish themselves as potential champions—and failed; how has it been possible to make a fight enthusiastic community out of a sophisticated winter resort such as this, and, at the same time, draw the undoubted focus of nationwide attention on a bout that, after all, decides only whether Stribling or Sharkey is to continue as a first flight contender.

There are plenty of answers, just as there has been plenty to talk and write about outside the actual fight itself. But the most conspicuous reasons for it all are unquestionably Jack Dempsey and the Ballyhoo-Dempsey, the old mauler, playing successfully at his new role of promoter; and the ballyhoo, with new words and music inspired by the balmy zephyrs of Florida's shores.

This is the south's first heavyweight fight of national interest in years. This is also a major bid for fame by William Lawrence Stribling, 24 year old Macon youth, the son of an acrobatic father and the father of an acrobatic child, who has helped enliven the training proceedings.

### Sharkey, Choice of Experts.

Stribling, because he is to fight before a southern gallery of friends, relatives and admirers, is the sentimental favorite, the hope of Dixie. But Sharkey, the hard-punching sailor, is the choice of most of the assembled experts to win. Yet there is a wide divergence of critical opinion, not only because of so many conflicting developments in training, but also because of the uncertain evidence in the records of the two fighters.

Sharkey, especially during the past few days, has appeared to better advantage than Stribling in the daily workouts. The Boston tar's punches have seemed more effective. He is probably ten pounds heavier and appears in better all-around condition. But Stribling, if he feels no ill effects from his rib injury and has nothing the matter with his right hand, has a variety of weapons at his command. Always a skillful defensive boxer, Stribling's punching power seems greater. They are both fast and resourceful, though the Georgian is more apt to do the unexpected. Sharkey has poundage and experience against good men in his favor, but Stribling has fought, rather than trained himself into condition.

### The Betting Odds.

The betting, such as there has been of it, ranges from odds of 6 to 5 on Sharkey to even money. If there is any chance in wagering sentiment it probably will be in Sharkey's favor.

Flamingo Park, the new octangular shaped wooden arena built especially for the fight, will seat nearly 35,000 spectators. It may or may not be filled to capacity, but the higher priced tickets, $25 each for the "ring side", have been sold. The "gate" probably will be near $350,000. The bout will be broadcast over an extensive network of the National Broadcasting Company, starting at 9:30 p. m., eastern standard time. The main bout, to a decision by Referee Lou Magnolia, of New York, is scheduled for 10 p. m.

## "BUCKY" HARRIS WORKED OUT AT THIRD BASE

Phoenix, Ariz., Feb. 26 (AP).—Stanley "Bucky" Harris already has given the dopesters something to write about, does he, or does he not, intend to play this season?"

The question was forced into prominence yesterday by the serious manner in which the new manager of the Detroit Tigers worked out at third base in the first practice session of the season.

He spent almost the entire period there scooping up sizzling ground balls.

"No, I'm to manage the club," was his answer to the natural question. "But I could either play third or second base if occasion arose."

# 2 Eight Rounders For Armory Card

Although Matchmaker Jimmy Ambrose of the New York National Guard will not give much attention to arranging bouts for the fight card to be held at the local armory on March 15, until the end of this week, he has informed Captain E. C. Lawson, who handles local fistic affairs, that tentative plans have been made for the staging of two eight-rogued bouts.

The men to do battle in the two eight rounders likely will be Johnny Carpino of this city vs. Tony Ross of New York and Vince Coffey another local pugilist vs. either Frankie Konchina or Charlie Erk. The ring reputations held by these boxers gives much promise of two very interesting fights. It is said that Coffey, who has been doing considerable fighting around the metropolis in a creditable manner, plans on giving local fans one of the best fights they ever witnessed in the Kingston drill shed.

Tickets for the fights are now on sale. A considerable number of orders have been placed with Sergeant Edward Fitzgerald, who advises all who wish reserved seats to order them early.

### Braves in Action Today.

St. Petersburg, Fla., Feb. 26 (AP)—A day ahead of time, the Braves will see action today. Emil E. Fuchs, their president-manager, and his board of strategy, capitulated late yesterday to the eagerness of their charges, and, encouraged by the pace the boys have set in limbering up, decided a fray at the water-front park could do no harm. The game, however, will be no regular-yannigan affair. Instead, to help dispel the training camp monotony. As well as to let the men see what they can do in each other's positions, it will be a regular sand-lot lineup, with pitchers and catchers, outfielders and infielders, scattered indiscriminately over the diamond.

### Molvin To Fight Halverson.

Charlie Molvin, local pugilist, who is under the management of Carl J. "Doc" Studer, is training hard for a bout with Ray Halverson at Newburgh on Friday night, March 1. The tilt is scheduled for six rounds, and Molvin figures that the slated time is just long enough for him to take the bacon from Halverson. The Newburgh boy holds a win over Molvin. It was by the knock-out route, but the local lad contemplates turning the tables in a most impressive manner on Friday.

### Johnson Has Ideas.

Tampa, Fla., Feb. 26 (AP).—Walter Johnson, manager of the Washington Senators, has ideas of his own about conditioning pitchers, and he is putting them into effect at the training camp here. Johnson has informed his squad of batterymen that the first thing they should do is to get their bodies in shape and that then their arms will quickly round into condition. Consequently there has been little ball tossing but an unusual amount of setting up exercises, with some running by way of diversion.

# Mercantilers' Bowling Scores

By taking two out of three games from the Palen's at the Y. M. C. A. alleys Monday night, the Everett & Treadwell team was successful in the American division of the Mercantile Bowling League. National division honors went to Fuller's bowlers, who outpointed the Oldsmobiles in two games and tied them in the first of three tilts.

### Good Omen, Says Mack.

Fort Myers, Fla., Feb. 26 (AP).—It may be a good omen, Manager Connie Mack believes, that the Athletics are showing more speed in reaching the spring training camp this year than ever before. At no previous time, he said today, have so many players been on hand so early. As a rule the first week in camp has found only batterymen working out, but this season most of the infielders and outfielders came in with the first detachments. Only a few have not reported.

### Always Were Analogous

# Red Shields Meet Chandlers Tonight

The crack Chandler team and equally famous Red Shields of this city have been beating their war drums for the past week in preparation for the big basketball battle to be fought at the Y. M. C. A. court tonight. The quintets are bitter cage rivals and the eagerness to do some decisive scalping is about on even terms. The hour of starting is 8 o'clock.

Tonight's game will resume a court war that ended last season with superiority in doubt. Each team won one game of the two played and then the three game series, as plans had it, was thrown to the four winds. This happened because a neutral court could not be decided upon.

The great battle, however, will again be on when "Dutch" Craw's whistle starts the teams in action tonight. The game will be the first of a trio to see which team is worthy of holding the honors in its class. The second tilt will not be played until after the Chandlers return from playing in the Northeastern District tournament upstate.

The following players will be ready to take up the Chandlers' battle tonight: Norm Niles, Chet Fox, Hank Krum, "Red" Kennedy, Joe Dulin, Joe Dinan, Jerry Hoffman and Jimmy Merritt. The two latter players formerly were with the Red Shields, but will give their best to bring honor to the Y. M. C. A. team.

Captain Dan Joyce will have the following lineup to pick from: West Hyatt, Mason, Fred Buchholtz, Harold Smith, Al Short and last but not least Joyce will be in the fray himself.

A preliminary contest at 6 o'clock will be played between the Y's Men and Fleischmanns.

## NEW PALTZ NORMAL LOSES TO MONTICELLO H. S.

On Thursday evening, February 21, the Normal School basketball quintet managed to get to Monticello by bus despite the deep snow which had piled up during the day. It was necessary for the team to make the trip without the two regular players, Captain Petersen and Oakley. However, the team made a creditable showing under the circumstances and only lost after a hard struggle, 36-24. Ruland, Elting and Stuart did all the scoring for New Paltz, caging 12, 9 and 3 points respectively. Frank and Silverman contributed 12 points each for Monticello.

Friday an interesting game is anticipated when the normal team meets the New Paltz High School five. Strong rivalry exists between the two teams.

# Legionnaires of Two Counties Will Honor State Commander

COL. DOUGLAS I. McKAY

Douglas I. McKay, state Commander of the American Legion, in whose honor the American Legion of Greene and Ulster counties will give a big dinner here at the Hotel Stuyvesant next Tuesday evening, March 5, is well known in Kingston, where he resided for several years when he organized and commanded the board of water supply police during the construction of the Ashokan dam.

Col. McKay is a West Point graduate, has been police commissioner of New York and has held some highly important executive positions with some of the largest corporations in the country.

He resigned as vice president of J. G. White & Co., in 1917 to re-enter the U. S. Army. He was commissioned a major and came out of the war a colonel. He was assigned to staff duty and served in this country and in France.

Upon his discharge from the army he became interested in the work of the American Legion and has been a tireless worker for the ideals of the Legion ever since, having been through the various offices from commander of his post up.

Commander McKay is 45 years old, married, has two children and his home is in Bronxville, Westchester county. His qualifications as a soldier, Legionnaire and business executive, his charming personality and good-fellowship, his qualities of leadership and his eloquence, make him one of the best state commanders New York state has ever had. His speech next Tuesday night is eagerly awaited by the World War veterans of both counties.

Tickets, $1.75 per plate, are still on sale at the Stuyvesant, American Legion Building, Flower Shop, Murphy's News stand, Brinnier & Carey, L. S. Winne & Co., and McBride's Wall street drug store.

The dinner will be informal and all Legionnaires and their wives are invited. It is intended to make this dinner a coming-home for Commander McKay, and all his old neighbors, friends and acquaintances are cordially invited to attend this dinner and join in with the Legion. Everybody is welcome. Buy your tickets now.

### ELMENDORF STREET CHURCH ACTIVITIES.

The annual banquet for the intermediate and senior departments of the Sunday school, including the officers and teachers of the whole school, will be held on Wednesday evening at 6:30 promptly. An entertainer from New York will give the program.

The 7:45 Thursday evening church meeting will introduce the weekly Lenten devotions. All the members of the church are urged to attend.

Beginning Sunday evening at 7 and closing at 8, Dr. Cady will give a series of illustrated talks relating to the closing days of Christ's life on earth. On this coming Sunday the topic will be "Going with Jesus from Jerusalem to Galilee." Many new and beautifully colored slides will illustrate what Jesus saw and said by the way.

### Masquerade Judges.

Costume judges for the masquerade dance to be held at Lake Katrine Grange Hall Wednesday night, February 27, are Myron Boyce, Frank Forde, Claude Kieffer, Winfield Swart, Graham Parish, Charles Walton, and Wesley Waterbury of Kingston.

# Market for Fruits And Vegetables

New York, Feb. 28 (AP).—(State Department of Agriculture and Markets) The supply of lima beans from Cuba unloaded on the wholesale district here today was equivalent to five carloads. The stock was only fair in quality and jobbed out at $3 @ $4.50 per 32-quart hamper. Florida offerings in 28-quart hampers realized $2.50 @ $5.

Despite lighter receipts of Florida string beans values declined. Demand was moderate. Sales on the green refugee variety were reported from $1.50 @ $3.50 per seven-eighths bushel hamper. The Valentine variety ranged from $2 @ $3.50 and bountifuls from $2.50 @ $4.50. Wax beans sold at $1.50 @ $5.50.

Last week string bean receipts from Florida filled approximately 89 cars.

Arrivals of domestic yellow onions were moderate. The market ruled steady, especially on good quality stock. Demand was fair. Upstate New York medium sized yellows changed hands at $4.25 per 100-pound sack. Finest offerings from the middle west in carlots commanded as high as $5.65.

Receipts of new crop Florida cabbage were lighter. Trading was moderate but prices advanced slightly on fancy. Various white varieties packed in one and one-half bushel hampers wholesaled at $1.12½ @ $1.62½. Red stock brought $1.75 @ $2.25 and savoy $1.50 @ $1.75.

Offerings of western New York cut carrots were moderate. The market was rather dull owing to limited buying. Jobbing sales on bushel baskets of unwashed stock were transacted at $1.60 @ $1.65 and $1.94 @ $2 on washed carrots.

New York state has moved 1,270 cars of carrots this season, compared with 1,703 for the same 1928 period.

Prices on South Carolina bunched red tip radishes were higher. Demand was quite brisk and the market was firm, particularly on fancy. Bushel hampers realized $2.25 @ $2.75. Texas crates brought $3 @ $3.50.

Supply of southern lettuce and romaine was limited. Big Boston lettuce sold at 50c @ $3 per 1½ bushel hamper. The romaine brought 75c @ $2.25.

### Chicken Pie Supper.

Circle No. 1 of the Ladies' Aid Society of the Reformed Church of the Comforter will serve one of their celebrated chicken pie suppers in the church hall Wednesday evening beginning at 5:30 and continuing until all are served. The following is the menu: Chicken pie, mashed potatoes, peas, cabbage salad, celery, jelly, wheat and rye bread, ice cream, plain home-made cake and coffee. The ladies have prepared amply for a large crowd and invite not only the members of the congregation but the public to patronize them. Children under twelve are furnished the supper at a special price. Fine cooking and ample portions should mean a big crowd.

### St. James Men's Club Supper.

The Men's Club of St. James Church will hold another of their famous pancake and sausage suppers Wednesday evening between 5 and 8 o'clock. These dinners are held by business men and for business men. Anyone may stop in for supper on their home from the office. Everyone is invited and a promise of all you can eat is made by the Men's Club.

### Fight Returns at Kingston Club.

Returns of the Sharkey-Stribling fight to be held Wednesday night in Miami, Fla., will be received at the Kingston Club.

### Prevent Plant Blight

Do not keep your house plants where it is too warm, 60 to 65 degrees is a lot better than 75. They need sunlight and fresh air, but should not be exposed to draughts. Watch out for disease and pests, spray or syringe them before it is too late. Prevention is much easier than cure.

## About the Folks

James Pirie, foreman of repair shop at Millard's Garage, was operated upon on Sunday at the City of Kingston Hospital.

Mrs. Thomas Hickey of 123 Second avenue is satisfactorily improving under the care of Dr. Harold A. Wilson.

William Dunnemann, of Lucas avenue heights is making an extended visit with friends in New Jersey and on Long Island.

James V. Connelly of Detroit, Mich., is visiting at the home of his mother, Mrs. Catherine Connelly, 287 West Chestnut street. Mr. Connelly is a former patrolman on the Kingston police department.

John Garavan, engineer on the Day Line steamer Robert Fulton, has returned to his home in this city after a six weeks' visit in Ireland. He found the ocean voyages very pleasant and the Emerald Isle about the same as when he left it many years ago. While in Ireland Mr. Garavan visited his parents, whom he found in the best of health. Mr. Garavan is a brother-in-law of William, a member of the Kingston fire department, who is stationed at Cornell Hose.

### KANSAS MAY ASK FOR DIVISION AND NEW STATE.

Topeka, Kan., Feb. 26 (AP).—Division of Kansas and establishment of the western half as the forty-ninth state in the union is proposed in a resolution for introduction in the state legislature.

Failure of the legislature to reapportion the senatorial districts every five years, as provided in the Kansas constitution, is the basis for the resolution. The document charges that no such reapportionment has been made for twenty-eight years, despite repeated efforts by the western part of the state.

# Financial and Commercial

New York, Feb. 26 (AP).—High money rates again cast a shadow over today's stock market, and prices drifted lower after an opening outburst of strength. Special buying operations took place in the coppers, oils and a few specialties, but the general list was under pressure of realizing and short selling. Trading was only moderate in volume.

Call money renewed at 8 per cent and then advanced to 9, with some bankers predicting a 10 per cent rate before the end of the week. Time money and commercial rates held firm. Wall Street heard that the Philadelphia and some of the other Federal Reserve Banks outside of New York were using stronger language than that contained in the recent admonition of the Federal Reserve Board that the volume of speculative credit must be curtailed.

Coppers rallied briskly on a further advance in the price of export copper, which is likely to be followed by another rise in the domestic price. Anaconda and Chile moved into new high ground, and Calumet & Arizona, Greene Cananea, Cerro De Pasco, American Smelting, Granby and Miami sold 2 to 4 points higher. Andes was placed on a regular $3 annual dividend basis.

Merger gossip stimulated the demand for the amusement shares. Motion Pictures rallied 4½ points to a new high at 27½. Loews was marked up 4 points and Fox and Warner Bros. advanced a point or so. A brisk demand also developed for some of the low and medium-priced oil shares under the leadership of Mexican Seaboard.

U. S. Steel common turned reactionary after an early period of strength, declining from 190⅞ to around 187. Rumors were circulating around Wall Street that the proposed refunding plan would be delayed because of a "leak" in the plans. William C. Durant, one of Wall Street's largest operators, is reported to have sponsored the recent move in the stock.

## Odds and Ends

Monday night was a quiet night in police circles with no arrests made. There were no cases in police court today.

A card party will be held this evening at the home of Mrs. Calvin Cutler at 14 Derrenbacher street, for the benefit of Esopus Council, No. 42, Sons and Daughters of Liberty. The public is most cordially invited.

Raymond Caunitz, the TenBroeck avenue plumber, has recently installed a Red Flash boiler with Corto radiation, manufactured by the American Radiator Company, in the residence of John Larcoda on Albany avenue extension.

The postponed meeting of the W. C. T. U. will be held Thursday at 2:30 p. m. in the parlors of St. James M. E. Church. The program which was to have been held last week will be an observance of Frances Willard Day. Visitors will be welcome at the meeting.

### THE JOINERS.

**News of Interest to Members of Fraternal Societies.**

Kingston Lodge, No. 970, Loyal Order of Moose, will hold a regular meeting this evening. There will be initiation and nomination of officers. Refreshments will be served after the meeting.

A stated communication of Kingston Lodge, No. 10, F. & A. M., will be held at its rooms tonight at 7:30 o'clock. The fellowcraft degree will be conferred on a class of five candidates. A large attendance is expected.

The regular meeting of Atharhacton Rebekah Lodge will be held Thursday evening, February 28, at 8 o'clock in Mechanics' Hall. At the close of the meeting a kitchen shower will be held followed by a Washington's birthday social.

At Masonic Hall, Wall street, on Friday evening Clinton Chapter, No. 445, Order of the Eastern Star, very fittingly celebrated Washington's Birthday with an appropriate program. Over two hundred members and visitors were present. The room was artistically decorated with the national colors and emblematic festooning. The speaker of the evening was the Rev. John Neander of Saugerties who gave a most inspiring address on "George Washington the Mason." In a very eloquent manner he spoke of Masonry in the days of the colonies and its significance. He emphasized the fact that Masonry and Eastern Star is a life to be lived and not a formality to be observed. His address was listened to with close attention. Mrs. Elizabeth Kieffer in her charming manner graciously sang several selections. Mr. Pierce, who is 85 years old, very pleasingly entertained the assemblage with several old time violin selections. The floral staff in keeping with the occasion dressed in Colonial costumes, danced the stately minuet. This number evoked much applause and the floral staff graciously repeated the dance. At the close of the meeting, as a fitting climax, and old fashioned repast was served. In a Colonial background the floral staff, dressed in Colonial costume, assisted by two southern mammies, poured coffee from urns reminiscent of Washington's day. After a social hour the members departed expressing their pleasure in the events of the evening and the hospitality of Clinton Chapter.

## Society Notes

**Goldman-Wassim.**

Mr. and Mrs. L. L. Mason of this city announce the marriage of their daughter, Vera Wassim, to Martin Goldman of New York city. The ceremony was performed at Chicago, February 13. Mrs. Goldman, whose stage name is Vera Kingston, was divorced from Anthony Kobl of this city in December.

**Balzer-Graff.**

Fred I. Balzer and Anna M. Graff, daughter of Mr. and Mrs. August Graff, both of this city, were quietly married at the home of the bride on Sunday, February 24, by the Rev. Carl Romoser. They were attended by Lillie Graff, sister of the bride, and Ernest E. Jansen. After a short honeymoon, they will reside at West Englewood, N. J., where a newly furnished home awaits them.

**Every-Van Nostrand.**

Miss Nettie Von Nostrand of this city and Howard Every of West Hurley were united in marriage at the parsonage of Clinton Avenue M. E. Church by the pastor, the Rev. A. A. Vradenburg, Friday at 2 p. m. Attendants were Frank and Katherine Palen of West Hurley. The ceremony was attended by a number of relatives of the young couple. Mr. and Mrs. Every will make their home in Kingston.

**Monday Club.**

The Monday Club held its regular meeting Monday at the home of Mrs. de la Vergne on Clinton avenue, the hostess having the paper for the day. The subject for discussion was "Ruling by Divine Right in the Twentieth Century." Mrs. de la Vergne, after a brief mention of a few other reigning kings, devoted the time to a study of Albert, King of Belgium—king by divine right and dictator by the will of the people. She considered Albert a true king, one of the best loved rulers of the day and a man fitted in every way for his high position. The paper was followed by an interesting discussion. Next Monday the club will meet with Mrs. Houness who will have the paper for the day on the subject, "The Younger Generation as Portrayed in Contemporary Literature."

**Wedding Reception Guests Return.**

Mr. and Mrs. James E. Davenport, the former being superintendent of the West Shore Railroad, in attendance at the reception on Monday afternoon and evening to Mr. and Mrs. Thomas J. Comerford, returned to their home in Weehawken on Tuesday morning. Mayor Ernest Macumber and wife, of Beacon, in Kingston to attend the same reception, motored back to Beacon on Tuesday with several guests of the same city who had accompanied them. Alderman John M. Mulvey and wife and two sons and Mr. and Mrs. John A. Comerford of Poughkeepsie returned to their homes on Monday evening. Judge Daniel V. McNamee and wife of Hudson, after attending the reception, returned to their home on Monday night. Mrs. John J. Cagney of New York and Miss Nancy Rogers Moore of Brooklyn left Kingston on Tuesday afternoon, being accompanied by Miss Mary C. Comerford.

**A Birthday Party.**

St. Remy, Feb. 25.—There was a pleasant gathering of the Ladies' Aid at the home of Mrs. Kathryn Sutton on Wednesday, February 20, the occasion being her birthday. Those present were Mrs. Lester Vining, Norma and Warren and Mrs. Anna Grommel of New Salem, Mrs. Daniel Carney and Mrs. Howard Durham, Mrs. Elmira Ellsworth, Mrs. Harry Ellsworth and Beatrice, Mrs. Kathryn Sutton, Miss Serena DeGraff, Mrs. Ada Kuhoupt, Mrs. Ella Thompson, Mrs. Amelia Van Vliet, Mrs. Lewis Van Vliet and Virginia, Mrs. Frank Pokorney, Mrs. John Blawis and Mrs. Grace Beehler of Kingston. Mrs. Sutton received several gifts from her friends which she appreciates very much, especially the beautiful bouquet of flowers that graced the center of the table. A delicious dinner was served and the afternoon was spent in visiting and sewing quilt blocks for the fair. At 5 p. m. the guests departed for their homes wishing Mrs. Sutton many more happy birthdays.

**Reception at Comerford Home**

The reception in honor of Mr. and Mrs. Thomas J. Comerford, who were recently wedded at Jamaica, Long Island, held on Monday afternoon and evening at their new home, 149 Elmendorf street, proved a most attractive social event. The large house known for years as the Hendricks homestead is one of the desirable residential properties in the Second ward. The house itself is of massive construction and is positioned on a lot of unusual size. Since purchasing the property, Mr. Comerford has had it renovated, decorated and modernized as to lighting fixtures and appurtenances and plumbing. It presented an attractive appearance on Monday afternoon and evening, all foyers and large rooms being embellished with plants and palms and cut flowers from the Burgevin green houses. Music was furnished by the Paul Zucca orchestra and throughout the afternoon and evening there was dancing and vocal music. The catering was by the Hotel Stuyvesant, under the personal direction of George Camp. There were hosts of guests calling at the home during both afternoon and evening, many being present from Poughkeepsie, Newburgh, Beacon, New York, Brooklyn and Albany. Mr. and Mrs. Comerford were assisted in receiving by Miss Mary C. Comerford, Mrs. M. B. Carey, Mrs. John J. Cagney of New York, Miss Nancy Rogers Moore, of Brooklyn, Mrs. Edward Blanchette, Mrs. Gertrude Rabishaud of Ruby, Mrs. Fred E. Voorhees, Mrs. Peter A. Carey, Mrs. John M. Mulvey of Poughkeepsie and Mrs. James E. Davenport of Weehawken, N. J.

# Ulster County Holstein Breeders

**Club Recently Organized by Them Has Dinner and Meeting, Adopts Constitution and By-Laws and Plans for Exhibit at State Fair.**

After a delightful dinner at Von Berg's restaurant Monday, E. H. Decker, president of the Ulster County Holstein Breeders' Club, called the meeting to order.

A roll call showed twenty-six prominent breeders from all parts of the county present. The first order of business was the reading of the minutes of the previous meeting. After their adoption the report of the by-laws committee was given. Clayton Burger reported that the committee had met and drew up a proposed set of by-laws which were read by Albert Kurdt, the secretary. The constitution and by-laws were adopted.

The objects clearly outline in a general way the purposes of this club. The discussion brought out these points: (1) People do not generally realize the full value of good Holstein milk. Many doctors advise this milk for human consumption, in preference to milk with a higher butterfat content. (2) That Ulster county has some outstanding breeders but is not widely known as a leading county. (3) The exhibits at the local and State Fairs will enhance the publicity which is rightfully due the county. (4) That better stock will increase the return to dairymen and thereby make rural living still more pleasant.

The elimination of scrub bulls alone will materially improve the cattle on the farms. This will be an important feature of the club; that is, to encourage the purchase of pure-bred, proven sires.

The temporary exhibit committee reported on the expenses connected with displaying a county herd at the State Fair. It was then decided that a committee be appointed to canvass the county to determine whether a herd can be made up which will be capable of representing the county at the State Fair. This committee has the authority to go ahead with the necessary steps if they deem it advisable. The committee appointed consists of Clayton Burger, Raymond DuBois, Albert Myers, and B. H. Decker.

Every person interested in the betterment of the Holstein breed is invited to become a member of this newly formed club and take an active part in the work.

Dues can be forwarded directly to Albert Kurdt, secretary-treasurer, 74 John street, Kingston, N. Y., or paid to any officer of the club.

**Pancake Supper.**

A pancake supper under the auspices of the Men's Club will be held in the assembly room of St. Paul Lutheran Church on Thursday, beginning at 5:30. Members of the congregation are expected to come and make this a church gathering. Friends are also invited to come and bring their friends.

# Union League Club to Move

New York, Feb. 26 (AP).—One of New York's most famous clubs—The Union League—is to abandon its site at Fifth avenue and 39th street, which it has occupied since 1881.

The club, at a special meeting last night, voted 207 to 90 to dispose of the present property and buy a new site at Park avenue and 37th street, where a ten-story building will be erected at a cost of $3,000,000. The old building and its leasehold, which has nine years to run, will bring "over a million dollars," a special committee reported.

The Union League Club, which was organized in 1863, has a distinguished membership of 1,500. A number of former presidents of the United States were honorary members.

The club claims to be the first of the clubs of similar name established in various cities throughout the country during the Civil War. Its purpose was "to discountenance disloyalty to the United States for the promotion of good government and the elevation of American citizenship."

Among its presidents have been John Jay, Joseph H. Choate, Hamilton Fish, William M. Evarts and Chauncey M. Depew.

# Bigger Quarters For Dry Agents

The present headquarters of the prohibition agents in the Fessenden building on Fair street will be increased in the near future by order of Palmer A. Canfield, administrator of the Albany district. The increase will be made by adding the office now occupied by J. DePuy HasBrouck to the present federal office. It is expected that the prohibition force will also be increased.

# 5 Youths Held For Grand Jury

Five New Paltz youths, Ellsworth and Raymond Williams, Timothy Hasbrouck and Charles Morgan, charged with burglary, and Isaac Williams, a brother of the other two Williams boys, alleged to have been an accessory to the robbery, are in the county jail, where they were committed by Justice of the Peace I. C. Barnes of New Paltz to await the action of the grand jury.

State Troopers Baker and Smith rounded up the five after working on clues connected with the robbery of the Cero LaHarbera pool room on Main street, New Paltz, on the night of February 24. It is alleged that the four youths entered the place through a window and helped themselves to nine cartons of cigarettes, a quantity of cigars, some candy and other articles. Isaac Williams is being held because it is said he loaned the boys a knife with which they pried open the window, while he sat in a waiting automobile.

**HOME SERVICE CLASS OF ROSENDALE THURSDAY.**

The regular Home Service Class of Rosendale will be held Thursday, January 3rd, at 2:30 o'clock in the office of the Central Hudson Gas and Electric Corporation.

The subject which Miss Plank will discuss is "Sunday Dinner for the Family." This is a problem which confronts the average housewife and the suggestions advanced in this lesson will be interest to all.

All of the ladies of the community are invited to attend these classes and take advantage of the lessons.

# West Park Man Tells How Nu-Erb Helped Wife and Himself

**"Brought Splendid Relief To Liver and Bowel Trouble," Says Mr. Ackert.**

"For a great number of years I have suffered from what I imagine was a sluggish liver," said Mr. Henry Ackert, West Park, N. Y. (Near Kingston), the other day in a statement to the Nu-Erb man at McBride's Drug Store, 312 Wall St.

"I'd get staggering dizzy spells and when stooping over dark spots would seem to appear before my eyes, which gave me a sick, nauseated feeling. I'd awaken each morning with a bad taste in my mouth, coated tongue and had no energy to go about my work. I became very nervous and I was a chronic victim to constipation.

"Nu-Erb has given me the most relief that I have had from these troubles. It has stopped the dizzy spells and spots before my eyes. It has strengthened my nerves and my bowels are acting better than they have for many years.

"My wife has also used Nu-Erb for kidney ailments from which she suffered. She was troubled with backache getting up nights and other kidney weaknesses. Nu-Erb was equally effective with her case and only this morning she was saying that she has less trouble in that way than she has had for many years. We both gladly recommend it."

## Supreme Court Convenes Monday

The March term of the Supreme court will be convened at the court house here on Monday, March 4, with Judge Ellis J. Staley presiding. Friday afternoon at 2 o'clock pursuant to the rule of the court County Clerk Walter G. Geroldsek will convene the term for the purpose of marking the cases numbering 441 on the calendar. This is the largest calendar which has been in effect in this county in many years. On Friday all cases will be marked and those which are ready for trial on the part of plaintiff and defendant will be placed on the day calendar to be taken up for trial Monday afternoon.

There are six preferred causes of action on the calendar.

A trial and grand jury will be in attendance at the March term.

### PORT EWEN

Port Ewen, Feb. 26—Mrs. Margaret Bishop of Broadway, who has been very ill of double pneumonia for four weeks, is slowly improving. Dr. C. W. Ross is the attending physician.

The B. S. L. in Port Ewen is busy circulating a report that Mr. and Mrs. Webster Munson intend moving from their home on Bowne street and several applicants have been to the house to try and rent it. There is no truth in the report and Mr. and Mrs. Munson have no intentions of moving.

A card party will be held this evening at the home of Mrs. Calvin Cutler on 14 Derrenbacher street, Kingston, for the benefit of Esopus Council, No. 42, Sons and Daughters of Liberty. Those going from this place will meet at Spinnenweber's bus waiting room at 7 o'clock.

Mr. and Mrs. C. D. Jump and grandson, Leighton Jump, of Hensonville are guests of Mr. and Mrs. Harry Jump of Broadway.

Herbert Edleffsen, one of the proprietors of the Port Ewen Bakery, assisted by Andy Heisinck of Kingston, have resumed the baker route in Port Ewen and vicinity. They are very much pleased to have the patrons return. They have a new Ford truck and it presents a fine appearance.

Mrs. Adeline Wells of Broadway is having the interior of her residence decorated. J. Beckto of Connelly is doing the work.

John Hines of New York city spent the week end at his home on Broadway.

Brass rushes in where brains fear to tread. It's as useless to worry as to advise others not to.

## ELEANOR GUNN ON FASHIONS

### SPRING FASHIONS ENLARGE UPON THE SUCCESSES OF WINTER MODES

New York.—Now that the Paris openings are comfortably over and one has time to consider them as a whole, it would appear that nothing really radical was developed. The couture seemed insistent on emphasizing the excellence of some of the features that had already scored, as for instance, the long back skirt, the sleeveless daytime dress and a more general elaboration of clothes no matter for what purpose they were designed.

Prints again flaunted their color and the charm of their design but while they were shown by each house they were no more prominent than at previous showings. The warp printed taffeta evening dress was, however, strongly sponsored. Taffeta and fabrics of a like crispness were preferred in many cases to chiffon types, chiffon itself being starched or otherwise treated so that it had body. Chanel continued to use lace, and to find interesting uses of fringe, always a favorite trimming with her. She also launched the all-over sequin, or spangled evening gown in black or a brilliant color. These were completed in some cases by self scarfs or cocktail jackets.

The so-called groomed silhouetted, characterized by its sleek, well tailored appearance, has not held its own against the ultra feminine types so often termed dressmaker types. Gowns remain animated to a degree and are bewildering in the intricacies of their trimming features, this being especially true of the skirts which are both longer and fuller. It is evident that just as soon as designers exhaust the possibilities of elaborating skirts, they will turn their attention to sleeves and start elaborating them, a movement already begun usually at the elbow. Our own southern resorts have taken the sleeveless dress for sports and for all day time occasions for after all one pair of sleeves is enough for any costume, and where is the costume that is complete without a coat, a jacket or a cape? In some sports ensembles, it is the jacket which is sans sleeves, or the cardigan or slipon for all of these are in vogue.

In accord with all this fussiness, fabrics are more varied and often more elaborate. Extremely fine woolens have been revived and a score of silks where once crepe de Chine held undisputed sway. Black, white and red are a very smart trio, sapphire and chartreuse another, all the so-called sunburned shades are wanted because it has quite suddenly become the rage to be tanned by fair means or foul, and colors must, of course, bring out these luscious brown tones. Paris and Palm Beach agree on white for evening and all delicate pastel shades including ivory and egg-shell. The citrus family colors the mode, lemon, lime, grapefruit, also white grape are reflected in the silks, chiffons and taffetas worn to the smartest parties.

### OUR DAILY PATTERN.

6364

A Stylish Dress for Many Occasions (For Stout Figures).

6364. As an evening gown without sleeves, this design will be lovely in lace or in metal brocade with facings of crepe or satin on the vestee and panels. It will also be attractive as an afternoon dress in velvet or flat crepe or in satin. Moire taffeta is also suggestive. The waist blouses slightly above the belt. The deep V neck is squared by a vestee. Loose panels, one set on at the belt and the other at the edge of the curved yoke in front, gives the popular uneven hem line. The sleeve is a one piece fitted model.

This pattern is cut in 9 sizes: 36, 40, 42, 44, 46, 48, 50, 52 and 54 inches bust measure. To make the dress for a 46 inch size will require 5 yards of 39 inch material. For facing of contrasting material on the vestee and panels ⅞ yard is required. For facing on vestee alone ¼ yard is required.

A pattern of this illustration mailed to any address on receipt of 12c in coin or stamps by the Pattern Department, The Freeman, Kingston, N. Y. Be sure to state the size wanted.

**Fashion Book Notice.**

Send 15c in coin or stamps to The Freeman for our up-to-date Fall and Winter 1928 Book of Fashions showing color plates, and containing 500 designs of ladies', misses' and children's patterns, a concise and comprehensive article on dressmaking, also some points for the needle (illustrating 20 of the various simple stitches), all valuable hints to the home dressmaker.

**9 out of 10 screen stars keep their skin lovely this way . . .**

*Mary Duncan*, exotically lovely Fox star, says: "A screen star's skin simply must be silken smooth to be 'studio skin.' That's why I am so faithful to Lux Toilet Soap."

"BEAUTIFUL smooth skin is the great heart winner," George H. *Melford*, famous movie director, thus expresses the experience of 39 leading Hollywood directors.

"The public certainly takes to its heart the actress with a skin that shows flawless—faultlessly smooth—under the terrific test of the close-up lights," he continues. "Such a skin is a prime factor in making her a star."

*Nine out of ten* screen stars use *Lux Toilet Soap*. It keeps their skin exquisitely smooth for that most important of all tests: the all-revealing close-up. And all the great film studios have made it the official soap for their dressing rooms.

You, too, will find that this delicately fragrant white soap keeps your skin exquisite and smooth. Try it—today. And use it for bath and shampoo, too.

# Falling Wire Shut Off Light

When householders on West Chestnut street, Montrepose avenue and other streets in that locality arose early this morning they found that the electric current had been cut off and were forced to get breakfast by the light of candles or kerosene oil lamps. The trouble was caused by a fallen electric wire on the corner of Montrepose avenue and West Chester street. The police department were notified that the wire had fallen shortly after 6 o'clock and immediately notified the Central Hudson Gas & Electric Corporation, which made repairs to the line and electric service was again resumed in that locality about 7:30 o'clock.

# Crowded School, Relief Necessary

Continued from Page One

one of the members of the board was in accord with Mr Keene and it is probable that the rule will be recalled.

**Superintendent's Report.**

The board then adjourned after receiving the following report of Superintendent Michael:

To the Board of Education.

I respectfully submit the following report.

As a result of the regents examinations in January last 127 new pupils were admitted to the high school, 122 of whom have never before attended high school. The total registration from the opening of school in September 1928 to date is 1226. 88 pupils have withdrawn, leaving an active registration at this date of 1150 students.

The active registration in the elementary schools for the present semester is as follows:

| | |
|---|---|
| School No. 1 | 82 |
| School No. 2 | 545 |
| School No. 3 | 569 |
| School No. 4 | 449 |
| School No. 5 | 475 |
| School No. 6 | 541 |
| School No. 7 | 514 |
| School No. 8 | 469 |
| | 3176 |

The total registration for elementary schools and high school is 4,326.

Three rooms in the addition to No. 6 school have been equipped with suitable furniture and are now filled with pupils. That you may know that each teacher in that school has as many pupils as she can successfully teach I submit the registration of No. 6 by rooms. The rooms in the older part of the building are designated by numbers and in the new part by the letters X, Y and Z.

| | | | |
|---|---|---|---|
| Room X | 1-B | 20 | Miss Bongartz |
| Room 1 | 1-A | 25 | Mrs. Van Gonsic |
| Room 2 | 1-A | 14 | |

| Room Z | 7-A | 29 | |
| Room Z | 8-B | 11 | 40 Miss Thorne |
| Room 12 | 8-B | 22 | |
| Room 12 | 8-A | 20 | 43 Mrs. Danford |

Total .....541

I wish particularly to call your attention to the registration in the seventh and eighth grades involving rooms 11, Z and 12. When promotions are made next June, at most 20 will be qualified to enter the high school. At least 11 in room Z will be transferred to room 12, making 34 in that room. From each of the lower grades there will be promotions one step up. In September we anticipate there will be not less than 50 to 60 new entrants in the 1-B grade. This plainly indicates to me that we shall need to equip the fourth room with suitable furniture and employ another teacher in that school to begin work September next.

I would farther call your attention to a congested condition in the upper grades at No. 8 School as is shown by the following registration by rooms:

| | | | |
|---|---|---|---|
| Room 1 | 1-B | —26 | Miss Wheeler |
| Room 2 | 1-A 29 | | |
| | 2-B 11 | —40 | Miss McGrath |
| Room 3 | 2-B 17 | | |
| | 2-A 22 | —39 | Miss Nash |
| Room 4 | 2-A 19 | | |
| | 3-B 26 | —45 | Miss DuBois |
| Room 5 | 3-A 26 | | |
| | 4 B 13 | —39 | Miss Elmendorf |
| Room 6 | 4-B 19 | | |
| | 4-A 19 | —38 | Miss Finn |
| Room 7 | 5-B 30 | | |
| | 5-A 18 | —48 | Miss Hayes |
| Room 8 | 5-A 17 | | |
| | 6-B 31 | —48 | Miss McAndrew |
| Room 9 | 6-B 12 | | |
| | 6-A 28 | —40 | Miss FitzGerald |
| Room 10 | 7-B 30 | | |
| | 7-A 32 | —62 | Miss Costello |
| Room 11 | 8-B 24 | | |
| | 8-A 20 | —44 | Miss Abernethy |

Note: Attendance in Room 1, small, probably due to grip epidemic. Undoubtedly means very heavy registration in that room next fall. Also small enrollment in Room 1 does not relieve rooms above.

Some relief has been afforded by a helping teacher. This arrangement, however, is not entirely satisfactory. There is no room in this building to which this teacher may take classes. If the fourth room at No. 6 were immediately equipped with furniture, it is possible that a sufficient number of pupils in the upper grades residing between Clinton avenue and Broadway might be transferred to that room under the extra teacher, thereby relieving the congestion at No. 8. Such relief in my judgment, would not be available after September first next when there will be enough children residing in the present No. 6 district to fill all the rooms in that building.

The school savings system, inaugurated four years ago, continues to hold the interest of the schools in the matter of thrift. The last report to me from the savings bank under date of February 15 shows 3,766 depositors, and there is now due depositors $102,475.98. Many of the pupils in addition to the school savings, have individual savings bank accounts.

Respectfully submitted,
M. J. MICHAEL,
Superintendent of Schools.

# *Death Of Nicholas Leaves Russ Exiles In Row Over Leader*

Grand Duke Cyril (left) is the self-declared pretender to the Russian throne. Many Russian refugees, however, are followers of Gen. Alexander Paul Koutiapoff (right). When Grand Duke Nicholas died he named Koutiapoff his successor in unifying refugee organizations.

**AFTER YOU HAVE HAD THE GRIP**

That cough, which seems to be the only bad thing about the present epidemic of grip, need not bother you any longer. Ordinary cough medicines do not seem to be able to hit these coughs, but go to the nearest McBride Drug Store and ask for a bottle of EGG PHOSPHATE, the food tonic, follow directions on the label. That bothersome cough will soon be gone and you will wonder why you have coughed so long unnecessarily.

Made in Kingston since 1893.
